HOUSE OF MOTHER’S AGENDA

The Ribhus, it has been suggested, are rays of the Sun. And it is true that like Varuna, Mitra, Bhaga and Aryaman they are powers of the solar Light, the Truth. But their special character in the Veda is that they are artisans of Immortality. They are represented as human beings who have attained to the condition of godhead by power of knowledge and perfection in their works. Their function is to aid Indra in raising man towards the same state of divine light and bliss which they themselves have earned as their own divine privilege. The hymns addressed to them in the Veda are few and to the first glance exceedingly enigmatical; for they are full of certain figures and symbols always repeated. But once the principal clues of the Veda are known, they become on the contrary exceedingly clear and simple and present a coherent and interesting idea which sheds a clear light on the Vedic gospel of Immortality.

The Ribhus are powers of the Light who have descended into Matter and are there born as human faculties aspiring to become divine and immortal. In this character they are called children of Sudhanwan, a patronymic which is merely a parable of their birth from the full capacities of Matter touched by the luminous energy. But in their real nature they are descended from this Luminous Energy and are sometimes so addressed, "Offspring of Indra, grandsons of Luminous Force" (IV.37.4). For Indra, the divine mind in man, is born out of Luminous Force as is Agni out of pure Force, and from Indra the divine Mind spring the human aspirations after Immortality.

The names of the three Ribhus are, in the order of their birth, ribhu or ribhusan, the skilful Kower or the Shaper in knowledge, vibhva or vibhu, the Pervading, the self-diffusing, and vāja, the Plenitude. Their names indicate their special nature and function, but they are really a trinity, and therefore, although usually termed the Ribhus, they are also called the Vibhus and Vajas. Ribhu, the eldest is the first in man who begins to shape by his thoughts and works the forms of Immortality; Vibhva gives pervasiveness to this working; Vaja, the youngest, supplies the plenitude of the divine light and substance by which the complete work can be done. These works and formations of immortality they effect, it is continually repeated, by the force of Thought, with the mind for field and material; they are done with power; they are attended by a perfection in the creative and effective act, svapasyā, sukṛtyā, which is the condition of the working out of Immortality. These formations of the artisans of Immortality are, as they are briefly summarised in the hymn before us, the horses of Indra, the car of the Ashwins, the Cow that gives the sweet milk, the youth of the universal Parents, the multiplication into four of the one drinking-bowl of the gods originally fashioned by Twashtri, the Framers of things.

The hymn opens with an indication of its objective. It is an affirmation of the power of the Ribhus made for the divine Birth, made by men whose minds have attained to illumination and possess that energy of the Light from which the Ribhus were born. It is made by the breath of the mouth, the life-power in the world. Its object is to confirm in the human soul the entire delight of the Beatitude, the thrice seven ecstasies of the divine Life.¹

This divine Birth is represented by the Ribhus who, once human, have become immortal. By their accomplishments of the work, — the great work of upward human evolution which is the summit of the world-sacrifice, — they have gained in that sacrifice their divine share and privilege along with the divine powers. They are the sublimated human energies of formation and upward progress who assist the gods in the divinising of man. And of all their accomplishments which that is central is the formation of the two brilliant horses of Indra, the horses yoked by speech to "their movements, yoked by the Word and fashioned by the mind. For the free movement of the luminous mind, the divine mind in man, is the condition of all other immortalising works.

The second work of the Ribhus is to fashion the chariot of the Ashwins, lords of the human journey, — the happy movement of the Ananda in man which pervades with its action all his worlds or planes of being, bringing health, youth, strength, wholeness to the physical man, capacity of enjoyment and action to the vital, glad energy of the light to the mental being, — in a word, the force of the pure delight of being in all his members.

The third work of the Ribhus is to fashion the cow who gives the sweet milk. It is said elsewhere that this cow has been delivered out of its covering skin, — the veil of Nature's outward movement and action, — by the Ribhus. The fostering cow her- self is she of the universal forms and universal impetus of movement, viṣvāja viṣvarūpāṁ, in other words she is the first Radiance, Aditi, the infinite Consciousness of the infinite conscious Being which is the mother of the worlds. That conscious- ness is brought out by the Ribhus from the veiling movement of nature and a figure of her is fashioned here in us by them. She is, by the action of the powers of the duality, separated from her offspring, the soul in the lower world; the Ribhus restore it to constant companionship with its infinite mother.

THE SECRET OF THE VEDA: The Ribhus, Architects of Immortality - SRI AUROBINDO

A new consciousness is coming based upon inner silence and quietude. You must wait quietly for that to develop. True knowledge, true perceptions of people and things will come in that new silent consciousness.

An update on the Working Committee proposal "Restructuring TDC/L’avenir"

Reference Working Committee Auronet posting dated 20 January 2016

Following the General Meeting of 2 February 2016 held on this topic in the SAILIER first floor conference hall last month, a group of interested Aurovilians (Fabian, Amy, Sindhuja, Peter.A, Isha (RAS), Suhasini, Pashi, Sandrya, Carel, Eugen, Mona, Meera, Jaya, Jacqueline, Shama, David, Deoyani, Jana and Sauro) came together to envision the next steps.

As a result of a series of meetings, it was agreed that we need time to work out a solution that addresses our key issues at the root level, if a newly restructured town planning office is to function well. Further, it was agreed that there is commitment to explore a process that will enable us to engage all, build trust and a capacity to collaborate, prepare a participatory approach to planning, gain clarity as to our “elephants” in the room, with the end goal of developing an implementable outcome.

Proposed approach:

Roles:

Oversee: The AVC will oversee the process and is responsible for engaging the community (Sindhuja and Sandrya)

Facilitate: A group of people that will organize the next steps/ workshops strongly using Auroville values as the base (Jaya, Mamata, Amy, Bridget, Heather, Helena, Isha, Shama, Sindhuja, Sandrya, and Shivaya)

Identify Key issues: A group of people that will identify Key Issues to be addressed in the first workshop (Deoyani, Sauro, Eugen, Jana, Meera, David, Peter A., and Pashi)

Stakeholders: A group of 60-120 people closely related to planning and development that will participate in the first workshop / retreat.

We hope that with this structured and value-based approach, this process will result in a coherent outcome that we will trust and implement together over the next several years.

Thank you for your trust, Sincerely, Auroville Council

(Attended by about 120 people)

B gave a warm welcome and overview of the afternoon’s schedule. This was followed by observing silence and reading of Mother’s text on the International University Centre (Bulletin April 1952) in English, Tamil, French, and Sanskrit.

The first presentation was a short report of the International Zone and 50th anniversary (February 2016) vision. Luigi painted a beautiful picture in words, “Imagine the International Zone as one campus.” Kavitha shared plans for the Youth Hive near the upcoming Auroville Language Lab. Dominique described the new Welcome Hub, a place to coordinate welcoming activities for Newcomers, guests, visitors, volunteers, and even at times a guest facility for volunteers who arrive late and don’t have an immediate place to stay.

The International Zone wants to “create a model of integral, eco-friendly infrastructure.” It is envisioned the following will be in place within our 50th anniversary year, 2018: wide use of solar energy, common waste water systems, roof top water harvesting with underground tanks, drip irrigation with recycled waste water in gardens and common landscapes, rain water harvesting in water bodies, as well as eco-friendly transport such as a solar tram.

Residential facilities are coming up in the International Zone. Louis gave a short presentation on “Habitat”. The first construction is “Terra Amata” of 3 blocks, with 5 flats each to house from 22 to 25 people. We envision residents being involved in the joyful work of the International Zone and look forward to a lot of fresh energy to keep everything moving forward.

The International Zone Coordination Team (I2CT) proposed Pavilion Clusters. Luigi explained how clusters are found everywhere in nature. Research on clusters in nature inspires the present approach on Cluster of Pavilions. Jacqueline shared briefly on the evolution of urban design stating clearly that in the International Zone it is very flexible. It will evolve according to the ground reality.

Next we heard from some Pavilion groups.

IJ joyfully shared about the new meeting space and activities of the African Pavilion. Jaya introduced Sado, a graduate in architecture, working with Satprem at Auroville Earth Institute. Sado dreams of inviting 4 architects from Africa. Each student will need Rs. 5,000 per month for their expenses. Anyone interested in assisting can contact Jaya.
Claude Jouen’s presentation on the Pavilion de France was translated by Michael. There are many cultural and publishing activities. The Pavilion has published a compilation on the 100 and 200 events hosted by the French Pavilion in Auroville. Everything has been transcribed. Events covered include: talks, movies, readings.

The site for Turkey and Armenia was presented by Luigi, who also explained clusters in Central and North Europe. There will be a European House, and a European Centre. Bogi shared that the area considered as East Europe which is 14 countries, of these 9 are actively involved and meeting. The Pavilion of Hungary in particular has been happy to host 42 workshops on the Aviva methods. This work has primarily taken place in the surrounding villages.

Saraswati introduced a visiting architect who is working with the Russian Pavilion group. They have started to meet with the International Zone Planning and Development subgroup. They are happy and positive about their progressive works.

The Pavilion of Italy has been hosting cultural events in Auroville and recently brought a famous Italian jazz band whose musical performance was a tribute to an English band. They are presently fund raising for a permanent Pavilion. Bharat Nivas representatives Tapas and Riju gave an inspired presentation which included a rich visual history of the development of the area.

Hye Jeong shared that the Korean and Northeast Asia groups have been quite active and are working collectively. They have hosted 2 key activities recently in culture and education. The Korean Pavilion site application was approved on 1 February 2016. B, Aondi, Stephane and Fif presented on America which will be in Darkali. The laying of the stone will be on Feb 29. They are happy to explore mirroring nature in design and architecture inspired by a large Turtle. The condor and the eagle will fly together.

It was a pleasure to have many of the Auroville International (AVI) representatives with us during the month of February. Friederike, AVI President, gave a short presentation stating the members’ appreciation for the clusters approach. Their team is collaborating with the IZCT on the 50th anniversary events. They want to approach governments to get involved in permanent Pavilion development and for funding. They’re planning to ask for a 5th UNESCO Resolution for 2018 and are working with Aster Patel towards this goal.

Fif shared Ho’oponopono, an ancient Hawaiian tradition, by inviting those present to be in silence together and if called to do so, to say four statements: “I love you. I’m sorry. Please forgive me. Thank you.” The intention is to heal ourselves and by doing so heal relationships in Auroville and the surrounding areas.

Martin shared that there is a group working to find the deeper meaning of the Mother to explore the real meaning of the Nations. Their exploration will include work of the Nations’ Soul. All of the work at present is research. The meeting ended with an invitation to walk over to the African Pavilion for drumming and to enjoy Hungarian food offered by the Hungarian Pavilion.

**ANNOUNCEMENTS**

**Latest news for the Auroville Residents PIO card holders**

Dear Friends,

We would like to bring to your notice the new rule to transfer the PIO card to OCI card. The last date for the transfer is before 30th of June 2016.

Residents Service Team

**Endorsement of RAS / ES membership**

Dear Community,

Following the two weeks feedback process for Entry Service and RAS members, there has been no substantial feedback received on the names proposed. The AV Council is happy to endorse the new members.

1) **Entry Service** - Christiane (Samasti) and Giridev (Ami)
2) **Resident Assembly Service (RAS)** - Isha (Swayam) and Tatiana - Newcomer (Swayam)

Sincerely, The Auroville Council

**Safety & Security WITHIN AUROVILLE**

**Introduction to the process**

After the resignation of the security team in charge in March 2015, the Working Committee and Auroville Council started a process of reviewing the functioning of the security task in Auroville with the help of a group of Aurovilians. As a basis for our work, we refer to the Mother’s words: “Auroville, The free international township - No army, no police - They are replaced by a battalion of guards consisting of athletes and gymnasts”.

We may understand that she did not suggest establishing a security force resembling what exists already in the world around. If the security of Auroville shall remain in the hands of the Aurovilians themselves, we must remember that this calls for a constant vigilance and inner self-discipline.

The process resulted in a proposal for restructuring the AV Security Service and to rename it as Auroville Safety and Security Team (AVSST) - Please see the link for detailed information: [https://www.auroville.org.in/article/56541](https://www.auroville.org.in/article/56541)

**Last Chance to Comment on the Detailed Development Plan (DDP) for the Residential Area**

Deadline for feedback extended to March 29th, 2016

If you would like to have a look at the plan for the future of the way we live in Auroville and give your feedback, please visit the link: [https://goo.gl/7cHHHT](https://goo.gl/7cHHHT)

**What is the Detailed Development Plan (DDP)?**

The Detailed Development Plan (DDP) is a plan for the next phase of the development of Auroville’s residential area. It has been created by a team of architects led by a Spanish planner, Luis Feduchi.

**How to send your feedback?**

To comment on the proposed plan, please send your feedback to: raservice@auroville.org.in, or avenir@auroville.org.in

Kind regards, Jesse, Slava and Tatiana from Residents Assembly Service

**L’avenir d’Auroville: 26th March 2016**

The following Site and Building Applications (SA and BA) are announced for feedback from the community for a period of two weeks. The announcement is made for feedback only and does not mean that the project has final approval.

The final approval is given when L’avenir d’Auroville / TDC issues an NOC (No Objection Certificate). This happens only once the feedback period is over, the feedback has been evaluated, a final decision by TDC has been reached and the necessary financial formalities have been completed. It is only after issuing a final building permission that fencing, building or any other activity on the site can start. It has to be noted that site permission is given to reserve the site for a maximum period of two years in order to prepare a project proposal. It
does not give any right to fence and clear the site unless, for practical reasons, there is a special permission of the TDC.

**Individual Project**

**Site Application Feedback**
1. Site application feedback for Segar for a House in Equality plot no IR 291/1 for a area of 80 sq.m.
2. Site application feedback for Kareem Sombray for a house in Forecomers
3. Site application feedback for Bobby & Andre for Auromics extension on Plot no IR 336/3 for total area of the project is 985 sq.m.

**Project writes up given by the project holder:**

**Project Title:** Auromics Extension

**Proposed Site Location:** X Bijou

**Project Holder:** Auromics - Bobby & Andre

**Architect:** Ganesh Bala

**Contact Persons:** Bobby & Andre

**Description:**
- **Plot No:** IR 336/3
- **Total Area of the project:** site area 985 sq.m.
- **Built up Area:** 150 sq.m. Phase 1

**Goals/Objectives:** To build a beautiful workshop.

4. Site application feedback for Peter Klingspies and Kevin Hauser for Accommodation and public facilities in the Residential Zone Sector 1.

**Proposed Site Location:** Along the Vikas Radial between Humanscapes and the Residential Zone Water Tank.

**Project Holder:** Sumark Construction

**Contact Persons:** Peter Klingspies, Kevin Hauser

**Plot No:** R.S1.1.0

**Total Area of the project:** 4497 Sq.m

**PAX:** 69

**Target Group:** Public facilities shops and Service Units on the ground floor; Auromilians, Newcomers and Friends of Aurowille for first, second, and third floor (residential).

**Background:** Although there are a few residential projects being built at the moment there is still a shortage of housing in Aurowille. There is also presently a lack of available office space for permanent or temporary use. Moreover, additional services need to come up to match the changing and growing demographics of Aurowille. These could include, laundromat, pharmacy, food distribution, food court/restaurant, display rooms, etc. Hence, the ground floor is reserved for public facilities. The remaining floors are for 69 residents. This way the Residential Zone will have practical and useful facilities that are used by many of the residents living in that building as well as the rest of the Residential Zone.

The project will incorporate variations in floor levels so as to suit the differing functions of each area and also to have a more inviting feel. Additionally, since space for some essential services will be available a reduction in motorized traffic along with a more dynamic environment will be created.

**Individual Project**

**Building Application Feedback**

1. A.C. Hammer - Aurelio, Svaram, 1st Floor extension on the existing structure around 50 sq.m.

TDC asks for feedback from the residents of Aurowille within two weeks from the date of publication. If anyone wishes to have detailed information, feel free to contact TDC - L'Avenir d'Aurowille office: 2622-170 or come personally to the Building Application section.

**Fulfillment Housing Project: clarification on location**

Some clarification on the location of Fulfillment Housing project was asked. This project was published in the News and Notes on 19th March 2016, the site has been mentioned in Residential Zone Sector 2, so we want to precise that the plot no. G.51 6.3 of DDP is located between North of Sanjana and West of Madhuca.

FROM THE ENTRY SERVICE - N&N NO- 642 dated 26.03.2016

We would like to inform the community that our team is happy to recommend the following persons as Auromilians and Newcomers. We will wait for two weeks (Newcomers and Returning Auromilians) and one month (Auromilians), from the date of this publication, for your feedback, before confirming.

**AUROMILANS:**
- Aravinda MAHESWARI (Indian from UP) - Staying at Sustainable Living Institute, working as teacher for the promotion of Sanskrit, Matrimandir, Eco-building and ARA.

FOR YOUR INFORMATION

Permaculture at the Town Hall

The gardens at Town Hall are an example of permaculture or applied Ecology. They aim at bringing people together to learn about nutrition and health, community, culture and ecology. They can bring us closer to an understanding of where our food comes from, which is the foundation of any society. At the moment the gardens are full of produce: tomatoes, brinjals, spinach, basil and plants that will later bare fruits such as gourds, pumpkins, papayas, bananas, tapioca and more! I hope the cafes at the Town Hall will use this produce but I have also been encouraged to tell people to harvest some basil and take some tomatoes if they like, after all this project aims at bringing people together; it is a collective project and in the true spirit of Auroville, belongs to nobody in particular.

Now we have built a fence. Inspired by one of the most beautiful permaculture projects I have ever seen which is at Evergreen community. Using free local materials, we have built a barrier to stop cows that acts as a wind break, that will become (like in Evergreen) a structure to grow beans, gourds and flowers etc. Many people have praised the work and a number of people have been critical saying it is messy etc. It will take some time to make this fence a living fence and in the mean time we will do our best to make it beautiful please be patient!

Fences aside, if we look at things from a larger perspective we are a society overwhelmed and dependant on industrialised agriculture; an industry that focuses on profits rather than nutrition and wellbeing; an industry that is destroying our health and that of our Mother Earth. Permaculture on the other hand focuses on wellbeing, nutrition and by honouring local food, cuts out food miles, chemically grown crops and all the social implications of industrialised agriculture. Mostly we don’t know how to use many of the local products that are easy to grow in Auroville, i.e. the huge diversity of nutritious spinachs, yams or green papaya. I believe if we would consciously eat local food a few times a week we would create a profound change in our consciousness. These gardens will naturally nudge people in that direction.

I have come to understand that to make a serious step on this path, we must first recognise that all organic matter is our profit, not financial but nutritional. When the soil ecology is rich and diverse in organic matter, healthy plants will grow. When healthy plants grow we will have healthy crops. When we have healthy crops, we will have healthy people and a healthy society from which a vibrant and creative culture can emerge.

Mother Earth is the soil under our feet, that which nourishes us every day. It is perhaps the greatest act of devotion to The Mother to nurture the soil and accept with love the gifts she offers us. After all, what more does a Mother want? Her children to be healthy and happy. A society that doesn’t know where its food come from will struggle with the folly of mankind thinking that man can do better than nature and grow his food with chemicals and bring it to his plate with lorries, in this I cannot see any happiness.

I have asked myself long and hard, “if we put man on the moon, how hard is it to get a small community to wake up to the fact that we can eat exclusively from food grown in our bioregion?”. We have to bring people together. I have tried music and a basket service, workshops, cooking classes, projects in the village, festivals etc. The point is we need to come together with joy, in celebration if we want to make change. How to do this?

There is good work being done by many farmers in Auroville but it is not enough to depend on farmers for our food. In Auroville we produce between 15 to 20% of our nutritional needs. If we were more connected with local produce and had a deeper understanding of how to use it, our farmers could offer even more. At Solitude we have shown that we can run a successful fruit and veg basket service and a financially viable café feeding people exclusively on local produce all the year round. It takes creativity, understanding and relationship with local food but most of all it takes a healthy soil. With over 80 different products being used it is really a marvel at what nature offers us and yet there is still so much more we could improve upon.

We have to come together in celebration over this subject. We need energy and inspiration. The gardens are not difficult to grow. Please have a look at the gardens at the Town Hall and all that is growing, feel the energy behind it, the intention, which will most certainly have an effect because it goes to the very essence of a collective need. Please go to Evergreen and see the beauty there, come to Solitude and see what is happening with diversity and social agriculture. Saturday tour at 11:30 am

The project at the Town Hall in my opinion is an important opportunity for Auroville, the chance to bring the beauty of permaculture into our daily lives. I have a hard time accepting dry looking lawns, some palms and an impoverished soil as the status quo of public spaces. Let’s us come together, honour Mother Earth and unshackle her from our ideas that keep her subdued. She has so many gifts to offer if only we have eyes to see!

I request all people who feel moved or are inspired by the project at the Town Hall to meet this Wednesday at 5pm at the gardens and let’s bring it forward together. If the fence is not good enough let’s change it together but let’s not stand back and judge without putting our heart into a project that could profoundly change the way we relate to our food, our land, nature and thus ourselves.

With Love, Krishna (Solitude Farm - March 2016)

Follow up to the ARA work

The ARA subgroup would like to update the larger group on the work that they have been doing over the past few weeks.

Decision-Making

As you know, the group prepared the draft of the decision-making document for the last ARA meeting, and a considerable amount of feedback was received both during the meeting and afterwards, mostly very positive. This feedback is in the process of being incorporated into the document. This is quite a lengthy and detailed process, which is still going on. We are trying to create a process model which can be used for future feedback incorporation, so we ask for your patience.

Housing Problem

The group has also been working on the housing problem in Auroville. This was one of the urgent topics decided on in the first ARA meeting. The group has been doing detailed research into the problem, so that any decisions made by the community will be based on facts, rather than suppositions.
We have had so far had interactions with the Housing Service, the Auroville Council and L'Avenir, and are planning further meetings with the Land Board, Entry Service, Forest Group and Farm Group, as well as follow up meetings with some of these groups. The information received is being put together into a presentation which will be presented at the next ARA meeting. Please bear with us, as this is a long and detailed work. We would welcome any help with this work. Please contact the RAS if you are interested.

**Next ARA Meeting**

We will be presenting these two topics (decision-making and housing) at the next ARA meeting(s) which will be called in the next few weeks.

Thank you for your support.

**ARA Subgroup - decision-making and housing.**

**Some inspiration from our last World Café "Restoring Connection" on March 7**

‘In The Eyes of the Good’ - a Restorative Dialogue in Nepal.’

2 Questions we asked our tables and some responses from the participants:

1) How can we inspire those who might possibly be skeptical about processes such as this Restorative Dialogue?
- Maintain an energy of resilience and perseverance
- Stay engaged and walking towards those we might find challenging
- Be curious about people's "no" and learning to hear the message behind their skepticism: What are our blind spots?
- How can we integrate their feedback?
- Be a living example; be open and flexible
- Give observations rather than judgments
- Give everyone a voice
- Find the gems of each culture
- Skeptical people want to know that listening and sharing will lead to action

2) What wider structural changes could emerge from a process such as this in Auroville?
- People become more empowered
- lessen the culture of blame as there would be more understanding
- More equality among people: especially less fear among newcomers to speak up
- Less secrecy; more willingness and possibility to get to know about conflicts
- Reconnect to heart-centered communication in group settings
- Less hierarchy; more decentralized group structures
- Dealing with conflicts before they go too far would take away from the culture of negativity

**Participation in a “Pantomime Production”**

Dear Family, to stage Sri Aurobindo’s poem ‘SILENCE IS ALL’ in mime on the 4th of April at Savitri Bhavan Amphitheatre, I invite singers, actors and dancers between the age group of 15 to 21 to be part of the a-cappella group, choreography and performance team of the production. I shall be incredibly pleased if anyone of the same age group is willing to help me in pre and post production processes, be it technical or otherwise. To know more about the rehearsals and other aspects of this Special Performance you could send an email to: mime@auroville.org.in or call me up on +91 944 2192 906. With Gratitude, Drupad

**Amma for Afternoons**

Capeoira Festival

A month ago, the Ginga Saroba group organized its annual Capeoira Festival (A Vadição das Velas) which celebrated the first coming of a capeoira master in our bio-region: Mestre Branco. The event happened on four days during which Capeoira, music, dance, acrobatics & Bboy workshops were offered to the 41 participants coming from all over the world. Among the teachers, we received Mestre Branco (Brazil / France), Professor Esponja (France), Monitor Chico (India), Monitor Sucuri (India), Monitor Melao (USA / Dubai), Pierre Angola (France / Auroville) and the Familia de Ouro (India) who made this festival an intense, fun and highly valuable event.

Open to the public, we had organized evenings to share a bit of Brazilian culture. Along with samba music and capeoira demonstration we welcomed friends to participate and share their art: Bboy (Familia de Ouro), Fire Spinning (Bright Side of the Moon), Drumming (Svaram Music Crew). We also had the honor to receive the Power Pandian Aasan Martial Arts coming especially from Chennai to demonstrate Tamil Nadu's traditional martial-art: Silambam.

Our annual festival always aims to gather family and friends. This year we wanted our extended family from France to join us which happened with the first visit in India of Mestre Branco (Prof. Samuka da India's master) and Professor Esponja (Student of Mestre Branco). We also wanted to start an exchange with Familia de Ouro which is a project aiming to get kids out of Mumbai's slums via education, empowerment & art.

Thanks to all who shared their knowledge and art with us: Mestre Branco & all the teachers, Pandian Master & Aishwarya Manivannan, the Bright Side of the Moon & Aurevan, Professor Esponja, the Svaram Sound Crew & the Familia de Ouro. Thanks to all of you who made this event possible: Jean-Christophe & Cripa, Certitude Sports Ground, Dehashakti Sports Ground, Usha, Krishna & the Solitude Farm Crew, the Youth Center Pizza guys ;), Junior and his friends, Shakti, Poojaa, Ana & Andrea, Gandhi, Svetlana, Masha, Céline, Frederik & Nadia,… Thanks to all who financially contributed towards the event and to all the parents of our kids who supported us. Thanks to Ginga Saroba's core students without whom organizing this festival would have been impossible: Kiran (Presidente), Manoj (Tranquilo), Miriam (Flamingo), Bhavyo (Arantha), Raoul (Escavadeira) & Usha (Cabello).

Let’s meet next year again :) Axé!

Prof. Samuka da Índia for Ginga Saroba

Andal Kannan - Sudarshan’s mother

Our deep gratitude to the Auroville community for enabling a beautiful and loving transitioning of Sudarshan’s mother, Andal Kannan, who passed away peacefully on Saturday March 19th at the age of 95. She had been living with us in Auroville for the past 8 years. We particularly thank the Auroville Farewell team for the detailed care and organization of logistics, and the network of volunteers, friends, and fellow community members who spontaneously offered their help in visible and invisible ways. We are thankful to the presence of the lovingly-maintained Adventure Farewell grounds in Auroville. We are also grateful to the new publication “Death doesn’t exist - The Mother on death”. We feel blessed to be part of this community. Thank you, Sudarshan, Buvana and Priya Sundaravalli

**WORK OPPORTUNITIES**

**As a sports teacher**
UnLtd Tamil Nadu is a social start up support program under Auroville Village Action Trust. One of the projects we work with is Yurt on Wheels - a non-profit organization that works with Gypsy community children in Pondy to form an alternative education model. We have been providing after-school tutoring and activities for the children for 3 years in Lawspet behind the famous waste landfill. Along with education, we are helping children with activities like dance, drama, computer skills and basic life skills.

The children are very interested in sport activities both indoor as well as outdoor. These activities help them to gain confidence, self-development and to continue their school.

We are currently looking for a sports teacher who will work with the children during the evenings on weekdays to organize sports activities.

If you are interested or know anyone, please contact Rajesh at: 99-43-215452 / John at: 81-22-584451 or mail: unltdtamilnadu@gmail.com

**Submitting bills for AVHF before end of March 2016**

To all members of the AV Health Fund,

If you still have any medical bills from the past months at home please drop them, together with your doctor prescription and your PT account number, in the Health Fund box at Aspiration Health Centre.

As the financial year is going to end, all the pending bills from April 2015 till February 2016 have to be processed before the end of March 2016. Only the medical bills from March 2016 can be paid till end of April 2016.

The audit service has told not to process any bills from last financial year after March 2016.

Please check your cupboards while there is still time!

**Auroville Ultimate Frisbee**

Dear community,

The Auroville Ultimate Frisbee team - Spinergy - returned last week from one of India’s national tournaments in Mumbai called Ghuen Tak. And we returned victorious! The team played well and winning the tournament was well worth the hard fought games.

We would like to thank the community, especially Chandresh from Saracon, the Auroville Bakery, and Naturellement for their constant support.

We invite you to come and join us on field as well. Mondays in Certitude and Wednesday and Saturday at the Gaia field at 4.45.

Hope to see you there.

AV Ultimate, Thank you,

Smiti :)

Sri Aurobindo to Mother). Preparation of such people was going on, then bringing it down: ascent to ly left) till é and Arka towards Transition school. Past the upturned car, turn right into the Greenbelt road; pass the gates of a. 300 is consciousness using his t part of the forest with trees that support ing of a Travel Insurance for all foreign travels. a d descent of Supramntal Force. He had solved the ascent part by following the Sapta Chathushtaya programme with the help of his psychic being (a Tamil book BRAHMA JANANAM by Karmayogi.) But the descent part had quite a few options. Interestingly, the descent part really depended upon the receptivity of the people receiving it. Supramental Consciousness had all the necessary knowledge, power, love, delight, aspired for by humanity and ready to pour it on people needed poise and maturity (samarthya) and capacity to receive and express them. If these are not there they would be like the “half-baked jars”, mentioned in the Veda, that would break being unable to bear the descent.

If the descent is to occur as early as possible, then, one of the options was the need of “100 complete men”, committed to the ideal with their whole being (a letter to his brother, Barin). This number changed later to that of 12 sadhaks doing Integral Yoga, who have acquired the capacity of receiving it and of being its centres (Sri Aurobindo to Mother). Preparation of such people was going on, externally by Mother through the activities of Ashram as well as internally by Sri Aurobindo through his consciousness using his correspondence with them as a means. The accident happened while this preparation appeared to be approaching its peak. War externally by Mother through the activities of Ashram as well as internally by Sri Aurobindo through h...
“Mobility, the joy of experimenting”

Under this ironic or provocative title, has been recently announced the end of the ACT shuttle service Auroville-Pondy starting from 1 April 2016. This unilateral decision, without alternative, will obviously result in increasing the number of private vehicles, especially cars, which are at present in India very affordable, like the oil they consume, which has not been this low for a long time.

Auroville is definitely a strange place. Aspiring to be a city of the future, here she turns resolutely to the past. In all major cities of the world, the movement is to minimize individual car travels and develop and make public transportation accessible. Some cities, like London, even prohibit the traffic in the city center to private automobiles. A recent statistic tells us that 50% of deaths worldwide are due to outdoor pollution. Auroville is not a metropolis, far from it, but the current situation of Aurovillian roads, most of which are extremely dusty, makes an increase of motor vehicles harmful to the health of its inhabitants.

This “joy of experiencing”, probably suggested to the imagination to find solutions to transportation issues in Auroville, must also be accompanied by a thirst to learn and get informed. Auroville is not on another planet, even if several Aurovilians seem to think otherwise. And what do we find in the world most progressive and innovative cities, in addition to emphasis on public transport? Self-service vehicles (cars, or bikes like in Vel’Lib’s Paris or Montreal’s Bixi, which has spread to New York, Boston, Chicago, Toronto, London, Melbourne, etc.), carpooling, trams, monorails, etc. All this can obviously be expensive, but in the long-term everyone gains by it. It is therefore imperative that resources be devoted to public transportation in Auroville. It is a matter of collective will, which will most likely get also subsidies from governments, sponsorships and private funding. As Mother proposed, it is time to take a joyful leap into the future, not to repeat past mistakes.

India and the World

Bharat Nivas

A Study Group has been recently initiated by Mona on

INDIA: past, present and future challenges

Shri BalaBaskar, IAS (retd), former secretary of Auroville Foundation,

Toine and Ram Subramanian have anchored some of the sessions on:

Indian Administrative Services (IAS) - Its origin, training and relevance today

Economic growth and poverty - The Indian experience

Historiography of Tamilnadu - An alternative viewpoint

Food & Agriculture - Can India remain self-supporting in food?

Energy and development Paradigms in India

These are informal discussions (Dialogues) and everyone is welcome to participate.

Different Aurovilians and experts from outside will be invited to anchor the sessions as per the topic.

Timings: 5:00 - 6:30 pm every Tuesday in the new building by the side of the Sri Aurobindo Auditorium, first floor.

Those interested please send a mail to: mona@auroville.org.in to be included in the mailing list for announcements on the next topics.

Activities from Sankalpa Art Center

International Zone (behind Pavilion of Tibetan Culture)

Sankalpa provides art therapy and creative empowerment programs, to facilitate insight and connection through art.

These programs serve as a bridge between village youth and women in South India, the international community of Auroville and beyond.

Anyone attending our programs will notice the emphasis on integration and true human unity,

providing equalizing opportunities to our neighbors from the bioregion to join in for self-expression through the arts.

Individual/group art therapy sessions can be booked with Krupa through: krupa@auroville.org.in.

Monday, March 28th from 5 to 6:30 pm

Neela Bhaskar, a Bharatanatyam dancer and volunteer in Auroville, will do a short introductory program to bring to light the importance of self-expression in the highly complex art form that is her dance. She will explore the nature of the dance itself, how it has influenced her life, and how her own artistic expression and creativity has grown over the years, especially since her involvement in Auroville.

Any prospective regular students are encouraged to join, as we will announce a regular schedule of classes with Neela shortly after this performance.

Every Tuesday & Friday from 8 to 9 am: Meditation & Art with Krupa

Join us for a simple collective mandala creation, meditation and art making inspired by excerpts of Savitri. In this new space for non-judgmental artistic exploration, a small contribution is expected to cover art supplies from all participants.

Our Art Corner continues at Visitor’s Center on Tuesdays from 6 to 9 pm upstairs at Le Zephyr café, as well as Fridays from 4 to 6 pm at the Art Cart on the stage.

Thank you to all supporting and participating in our programs.

Any contributions to help us maintain and develop our new space are welcome to FS account #251273.

With love, light and color,

Krupa & Iyyappan J. for Sankalpa

**CONNECTION AS LIFE ENERGY**

Introduction to Nonviolent Communication With L’aura Joy, CNVC Certified Trainer
Do you long for more joy, authenticity and depth when connecting with yourself and others?
Do you wonder what gets in the way of connecting and relating the way you truly want?
- April 9-10 (Sat-Sun)
- 9.30 am-5 pm (with lunch break)
A path of Nonviolence (based on Nonviolent Communication, NVC) offers both a deeply-rooted consciousness of oneness, as well as very practical tools to live this more and more in our daily lives. In re-evaluating some of our habitual and conditioned thinking, we see how much of it is life-alienating and based on a culture of scarcity and separation. We’ll learn the skills to be able express ourselves with more clarity and to hear others’ true (and harmless) message, which in turn leads to more connection between us. When we’re connected as human beings, we’re in our natural state of wanting to give and collaborate with others.

**QUIET**

**COUPLES IN FLOW** with Dariya & Daniel
Saturday 2 - Sunday 3 April 2016
9.00 AM - 6.00 PM (15 hours)
Quiet Healing Center (tel. 2622646 / 9488084966)
A 2-day journey for couples to relax, connect and celebrate.
We offer a safe space and simple explorations on land and in water, where you can rediscover one another in new ways of intimacy. You will also learn easily applicable skills to hold space for each other, fun ways to be together, and connect with others in the group.
This workshop is inspired by aquatic bodywork (Watsu, Liquid Flow etc.), Tantsu (simple ways of holding and massaging on land), free dance, deep listening... and our innate longing to contact others. Warm water with its sense of weightlessness and fluidity invites us to let go and experiment with our own organic, flowing way of moving.
No previous experience required!

**WATTSU & LIQUID FLOW BASIC** with Dariya & Daniel
Wednesday 6 - Monday 11 April 2016 (6 afternoons)
1.30 - 6.00 PM (27 hours)
Quiet Healing Center (tel. 0413 2622646 / 9488084966)
Watsu & Liquid Flow are aquatic bodywork modalities given in a warm water pool. Watsu Basic introduces movements and body mechanics to work with someone on the surface; Liquid Flow Basic introduces and offers a unique underwater experience (with a nose clip).
During this course, you will practice basic techniques and qualities of moving another person in water. You will experience floating people and being floated, on the surface and under water, creating a space for deep relaxation and nurturing body, mind and spirit. You may also discover that this kind of bodywork is something you would like to further explore, in which case this course serves as a perfect precursor to Liquid Flow Essence, Watsu 1, OBA 1, or WaterDance 1.
No previous experience is required!

(No film on Friday 25 March)

FRIDAY 1 APRIL- 7:30 PM (Film show starting at 7.45 sharp)

“YOYO”

Directed by Pierre ETAIX, France, 1965

Script & dialogues : Pierre Étaix and Jean-Claude Carrière - Cast: Pierre Etaix, Claudine Auger, Philippe Dionnet...

Synopsis: As a silent film in the beginning, the story follows a millionaire from the 1920s to the 1940s. Bored and surrounded by his servants in his palace, he goes to a circus performance one day and recognizes in the equestrian ballerina, the young girl he once loved secretly and who had disappeared for several years. She reveals to him that the little clown, Yoyo, is their son… The movie becomes a ‘talky’. When in the 1929 crash, having lost everything, the character goes on the roads with his loved ones and the circus… This elaborately conceived and brilliantly edited comedy is Pierre Etaix’s most beloved movie, Yoyo blossoms into a poignant family saga (in which Etaix plays both a father and his grown son) and a celebration of the circus Etaix adored. Chock-full of nimble sight gags and ingenious sound effects, Yoyo is very sweet, a little bit melancholic, and wholly imaginative.

Original French version with English subtitles - Duration: 1h.32'.

Indian - Monday 28 March, 8:00 pm:
- PASANGA 2 (Haiku 2)
India, 2015, Writer-Dir Pandiraj w/ Nishesh, Baby Vaishnavi, Ramdoss, and others; Drama-Family, Tamil w/ English subtitles; Rated: G
This thematic sequel to the 2009 classic is set in urban location. The film tells the story of Nayan and Kavin, two hyper-active kids who constantly get into trouble at school forcing their parents to keep looking for and sending them to a new school. The frazzled parents by chance meet Tamizh Naadan, a child psychiatrist, who helps the parents understand that kids have attention deficit hyperactivity disorder (ADHD). Can the kids overcome the disorder?

German - Tuesday 29 March, 8:00 pm:
- DAS ZIMMERMÄDCHEN LYNN (The Chambermaid Lynn)
Germany, 2014, Dir. Ingo Haeb w/ Christian Aumer, Vicky Kriegs, Lena Lauzemis and others; Drama, 90 mins, German w/ English subtitles; Rated: NR
Lynn is the most thorough chambermaid at the hotel where she works. Crippled by her own shyness, she rummages through the guests' belongings and even hides under their beds, vicariously experiencing their discreet interludes. When she finds herself present during a session with the call girl Chiara, Lynn can't help but let her curiosity get the better of her. Bold and unrestrained, Chiara soon draws Lynn out of her shell, opening her up to a new intimacy Lynn had previously only experienced as an intrepid voyeur.

Interesting - Wednesday 30 March, 8:00 pm:
- SAANJHI, TRADITIONAL KALAKAAR
India, 2013, Writer-Dir. Devika Gamkhar, Documentary, 67mins, Hindi-English w/ English subtitles for Hindi; Rated: NR (G)
Originating as a decorative patterns for enticing Lord Krishna, Saanjhi Art was made of cow dung on village walls by unmarried girls in Braj (Mathura, Vrindavan, and Gandharv).

This was part of temple tradition in the 17th century and became part of the temple art by the 19th century. Saanjhi Art is an intricate stencil art form where 'Sancha' is the mold from which the stencil is cut. Saanjhi is not a decorative art, but a prayer and a service towards their beloved God. With focus on one family, this fascinating film, a tribute, flows in the natural relationship of the art in life, and the life in art. The narrative widens to the cinematic platform of human expression and human connection with other traditional arts. The director will be present for an interactive Q&A session after the film. Do not miss!

French - Thursday 31 March, 8:00 pm:
- COMME UN AVION (The Sweet Escape)
France, 2015, Dir. Bruno Podalydès w/ Bruno Podalydès, Agnès Jaoui, Sandrine Kiberlain, Comedy, 115 mins, French WITH ENGLISH subtitles; Rated: G
Michel has a passion for Air Mail Service; he is dreaming he is Jean Mermoz when riding his scooter, even so he never flew an air-plane! He stops short in front of the photographs of a kayak; it looks like the fuselage of an air-plane. It is love at first sight… On the sly of his wife, he buys a kayak…

International - Saturday 2 April, 8:00 pm:
- ROOM
USA, 2015, Dir. Lenny Abrahamson w/ Brie Larson, Jacob Tremblay, Sean Bridgers, and others; Drama, 118mins, English w/ English subtitles; Rated: R
In this highly acclaimed film, a spirited 5 years old is looked after by Ma, his loving and devoted mother. However, their life is anything but typical—they are trapped—confined to a 10ft x 10ft space that Ma has euphemistically named Room and has created a whole universe for Jack within, so that even in this treacherous environment, Jack is able to live a complete and fulfilling life. But as Jack's curiosity about their situation grows, and Ma's resilience reaches its breaking point, they enact a risky plan to escape, ultimately bringing them face-to-face with what may turn out to be the scariest thing...
yet: the real world.

Children’s Film - Sunday 3 April, 4:30 pm:
• **CHARLIE AND THE CHOCOLATE FACTORY**
  USA, 2005, Fantasy-Drama, Dir. Tim Burton, w/ Johnny Depp, Freddy Highmore, David Kelly, and others, 115mins, English w/ English subtitles, Rated: PG
  The story of Charlie Bucket, one of the lucky winners of a Golden Ticket, that allows 5 children from around the world to visit Willy Wonka's chocolate factory.

HENRY-GEORGES CLOUZOT Film Festival @ Ciné-Club
    Ciné-Club - Sunday 3 April, 8:00 pm:
• **LE SALAIRE DE LA PEUR (The Wages of Fear)**
  France, 1953, Dir. Henry-Georges Clouzot w/ Yves Montand, Charles Vanel and others, Adventure-Thriller, 131mins, French w/ English subtitles, Rated: PG
  A convoy of trucks, driven by four derelicts, transports dangerous nitroglycerin to try and quell an oil well fire. Their long, harrowing ride over bad roads with their cargo ready to explode at every jolt and jar; the drivers are gambling with their very lives against the opportunity to escape from their steaming, sordid environment. This movie is astonishing, a gritty story filmed in an ultra-real style that relies simply on the beauty of lighting and film to achieve its stunning effects.

We are happy to inform that the Accessible Auroville Public Bus (12 seats) will start functioning FOR EVERYONE from 2nd of April (Wednesday) with the following timetable:
