HOUSE OF MOTHER’S AGENDA

The subconscient is a mass of defeatism. That’s what keeps rising to the surface. As we ABSOLUTELY need to change that, the subconscient must be clarified so that the new race can come. We must clarify the subconscient. It’s a mire. It’s full of defeatism - defeatism, the first reaction is always defeatist. It’s absolutely disgusting, mon petit, I’ve seen it, I am working there... a disgusting place. We absolutely must.... we must be categorical and vigorous - fearless, you know. Change it MUST. It’s nasty. And it keeps rising to the surface... (gesture from below).

(silence) A fantastic energy is checked by that, by that foul thing.
(Mother gives flowers to Sujata) Here. Do you want a garland?

We must.... (To Satprem) You have the capacity to... (Mother drives her fist down into Matter). Defeatism belongs to the subconscient - it MUST change, it must. Defeatism is anti-divine.
(silence) There’s but one way: to want what the Supreme Consciousness wants - whatever the consequences in terms of our silly little conception. Like this (Mother opens her hands): to want what You want.

Do I have a relationship with that Supreme Consciousness?
Oh, mon petit! That goes without saying!You do have a relationship - and even a conscious one; not only do you have a relationship, but you have a conscious relationship. (silence) I have gone through all sorts of terrible things in my life....

Yes, so does everyone.
Yes, but I think I’ve had a... special share.
Don’t you think I’ve had my share too?
Oh, certainly, I think so.
So?
But I had (even when I didn’t know you, when I didn’t know the Ashram, I mean), I had the feeling there was something behind me....

Yes.
Something that was helping me.
Of course! But of course there was! Of course there was: THAT.
Personally, I call it “Supreme Consciousness” because I don’t want to say “God”....

Ah, no!

It’s full of... the very word is full of deception. It’s not that way, it’s.... We are - WE are the Divine who has forgotten Himself. And our task, the task is to reestablish the connection - call it by any name you like, it doesn’t matter. It’s the Perfection we must become, that’s all. The Perfection, the Power, the Knowledge we must become, that’s all. Call it what you like, it doesn’t matter to me. That’s the aspiration we must have. We must get out of this mire, this stupidity, this unconsciousness, this disgusting defeatism that crushes us because we allow ourselves to be crushed.

And we fear. We fear for its life (Mother touches the skin of her hands), for this thing, as if it were precious, because we want to stay conscious. But let’s unite with the Supreme Consciousness, and we’ll stay conscious forever! That’s IT, that’s exactly it. I could put it this way: we unite our consciousness with what is perishable and we’re afraid to perish! * I Well, I say: let’s unite our consciousness with the eternal Consciousness and we will enjoy eternal consciousness. How stupid can one be! (silence)

But, you see, when you are here, I can express these things because your atmosphere is conducive to expressing them.
We must... we must put this at the service of the Divine - always. Always. With faith, an absolute faith: whatever happens is what the Divine wants to see happen. The Divine - I say “Divine” because I know what I mean by that word, I mean supreme Knowledge, supreme Beauty, supreme Goodness, supreme Will - all... all that must be manifested in order to express... what must be expressed.

(long silence)
We are disgusted with the world as it is - and we have the POWER to change it. But we are such fools that we can’t bring ourselves to abdicate our silly little personality to... to let the Marvel unfold.
And that’s all accumulated in the subconscient: everything we have rejected is there, and now it must be brought in contact with the transforming Force... so that this unconsciousness may come to an end. (Mother plunges in for half an hour) Mon petit....

*Mother was in fact fighting not only with the subconscient’s defeatism, but also with that “formation of death” in the atmosphere.

MOTHER’S AGENDA, 19 July 1972

MOTHER

There is no better way to show one’s gratefulness to the Divine than to be quietly happy.

**FAMC Monthly Report - May 2017**

It has been a tumultuous summer so far: we are faced with challenges in our internal processes while discovering new opportunities at the same time. Stephanie has resigned as a member from June 1st. However, we are happy to share that she will be available to continue to help us as a resource person. We are sorry to see her go for, during her tenure, she took up and helped to resolve many complex issues. She duly gave her one-month notice before stepping down, and we have informed the Residents Assembly Service (RAS) of her resignation, as per our mandate.

Given the loss of one member and also being cognizant of the fact that the end of April marked 6 months as the “new FAMC,” we decided to have a thorough reflection and review of our work and experience, especially in light of executing a new mandate. This 5-week process, facilitated by Elvira, sometimes also with Joerg, will continue till June 15.

**COMPLETED ISSUES**

**Units**

Consious Living: The executives’ request to move from Team Trust to Artisana Trust was endorsed by the trustees of both Trusts and by the ABC support group. We agreed to this change.

Gecko! (Auroarjan Trust): The executive reappointment of Mr. Paneerselvam Venugopal, after an initial 2-year term, was approved. The other executive is Mr. Stephan Himmer.

Pharmacy of the Auroville Health Centre (Artisana Trust): The executive reappointment of Ms. Lili Achram ep Desplanque, after an initial 2-year term, was approved. The other executives are Ms. Uma Tewari Sharma and Ms. Hilde d’Heidt.

Mohanam (Auroville Village Action Trust): Requests for better operational processes made by the FAMC to Balu (as an executive of Mohanam, Lively, and the proposed Bamboo Center Auroville) have been agreed upon and are in process of being implemented.

L’avenir d’Auroville / iTDC related

Site applications:

Kalpana Sports Centre: Provisional site application was granted. Project holders Satyakam and Devasmita, as well as their close collaborator Lila, have been asked to provide more details regarding the project before they submit an application for building permission.

Surya Power Plant (first phase): This planned solar power plant is proposed to be built entirely on land owned by Aditi Diamonds (Michael Bonke, Director) in the Industrial Zone area. The footprint on the ground is proposed to be identical to an envisioned Line of Force building, with the idea being that if and when the Line of Force is constructed, the solar panels will be moved to the roof. Electricity generated by this centralized power plant will be fed to the grid. There were strong opinions expressed about this proposal, but it was recognized that renewable energy for meeting the energy needs of the community is a good thing. It was decided to ask Michael Bonke to take the necessary legal steps to ensure that upon his passing, the land will be bequeathed to Auroville and legally transferred to the Auroville Foundation. This request has been made to the project holders, Mitra Auroville and Varuna Auroville. The project holders were also requested to consider providing funds for regreening in another location, as many trees will need to be cut to clear the site. Site application approval is pending.

Loans

Sunship housing project construction loan: The Sunship team requested a construction loan of Rs. 1.83 crores. It was stated that the loan is needed to handle a cash flow problem as some future stewards were unable to immediately provide the funds for construction of the apartments. We felt that to grant such a loan would create an unsustainable precedent for future housing projects, so it was decided not to approve the request. To address the problem, we suggested to the project holders that the individuals concerned could approach the Housing Service/Board for a housing loan.

**Land related**

Protection:

Martuvam Healing Forest fencing: A few FAMC members visited Martuvam and agreed with the steward, Shivaraj, about the need to fence the plot due to a serious threat of encroachment. We have informed the Forest Group and requested the Land Board for funds for the same.

Miscellaneous

City Service individual contribution waiver request from Dr. Kumar (veterinarian): We received a request to review a decision by the Human Resources Team (HRT) to not grant an individual contribution waiver for Dr. Kumar. After considering his overall situation, we have asked HRT to provide a 6-month waiver to Dr. Kumar. We also recommended forming a support group for Dr. Kumar, with the help of the Auroville Council, to help him develop a sound financial strategy for his veterinary activities.

Non-compliance workshop: A workshop on non-compliance of Aurovilians with decisions of the working groups or the guidelines of Auroville was held with representatives from all working groups on 13/05 (iTDC was unable to attend). It was agreed that a follow-up session on the issue was necessary, but no definite plan was agreed to. A report on this first workshop was separately published by us in the News and Notes as well as on the Auronet.

Vikram as FAMC silent listener: Vikram (Gaia) offered to be a silent listener during our meetings. We decided to postpone a decision regarding this offer until we have completed our internal reflection and review. We have communicated this to Vikram.

FAMC Loan Group representative: Given Stephanie’s resignation Amy will join the Loan Group as the FAMC representative.

FAMC representative or nominee in the Government of India (GoI) Grant Monitoring Group: Given Stephanie’s resignation Bindu will join the GoI Grant Monitoring Group as the FAMC representative.

**ONGOING ISSUES**

Activities

Martuvam Healing Forest home stay application: We have asked the Guest Facilities Coordination Group (GFGC) to visit Martuvam and make their recommendation about this application. At the end of this reporting period we were still waiting to hear from GFGC. The application remains pending.

Units

Auroville Transport Service (ATS): Final closure of this unit has been delayed due to unresolved questions on how best to transfer ATS assets as there are many stakeholders who are interested in the assets and in the use of the leased land. Pending financial claims have also been made by three drivers and one supplier. These claims are in process of being verified, if possible. Some community members have criticized our actions; however we believe it is our responsibility, as the FAMC, to minimize our liability, taking into consideration individual actions and needs as well as the good name and well-being of the community as a whole. It may be noted that about three years ago, the previous FAMC had strongly recommended for the unit to be closed due to high outstanding liabilities and a practically impossible plan for repayment. It was on Saroj’s, one of the executives, adamant insistence that FAMC reluctantly agreed to give her a chance to improve the financial stability and
viability of the unit, with the unfortunate consequence that ATS has even higher debts to pay off now. FAMC members and the Trustees (ABC Trust) continue to work to resolve this issue.

Hers (Kattida Kalai Trust): The ABC has endorsed the executive reappointment of Mr. M. Palani after an initial 2-year term. The other executive is Ms. Gillian Chvat. We decided that we would like to see a report regarding the unit finances and assets since the change of management and also seek clarification about the renovations that have been undertaken and the managerial roles played by Kumar, Roy, and Thulasai at Hers. The reappointment of Palani is pending till we receive this report.

Auroservice d’Auroville: This is a proposed new service unit under Auroville Service Trust with Mr. Pashi Kapur and Mr. Luigi Zanzi as executives. Based upon feedback received from the ITDC, who perceive overlapping of roles between Auroservice and the ITDC and unclarity regarding the framework of relationship between them, we decided to keep the application pending until the constitution of the new TDC. Pashi and Luigi were informed.

Inside India (Inside Trust): Following a letter with allegations against Inside India from Bunty, trustee of Inside Trust, a subgroup of FAMC looked into the accounts and duly submitted a report of their findings. There were some irregularities in accounting procedures and claimed expenses, which as of today is still being contested by Joster, one of the unit executives.

Auroville Water Service (AWS) (Auroville Service Trust): As this is a core service for Auroville, a FAMC sub-group is engaged in looking for Aurovillians who can join this unit as executives, managers / supervisors, and accountants. Ursula (GCC and Financial Service) has agreed to oversee payments from the account for 2.5 months this summer when Luca, executive, is temporarily out of station (TOS).

Mukti Accounting (Auroville Service Trust): When investigating into the financial mismanagement of Auroville Water Service (AWS) we determined that Mukti Accounting, as the unit accountant, is to be held partly responsible for the financial mismanagement. In particular, it was determined an accountant employed by Mukti Accounting, Mr. Padmanabhan, had made serious mistakes in handling the accounts of AWS. We are following up the issue with Kumar (Aspiration), the primary, active executive of Mukti Accounting.

Housing

Housing asset monetization and valuation review: We discussed the topic of monetization of housing assets and the processes of housing asset evaluation with Housing Board/ Housing Service representatives, with a view towards formulating better practices. It has been proposed that when a housing asset becomes available due to the steward passing, or leaving Auroville, the asset could be transferred without a request for a stewardship donation (ie on a pro bono basis). In response to this proposal the Housing Board sent us a list of a few housing assets from Aurovillians who had passed that were not monetized and were transferred to individual Aurovillians for stewardship or were renovated for a collective use. The Housing Board is continuing the process of coming up with better norms for evaluation of housing assets.

House stewards who are long out of station: The Housing Service (HS) has forwarded to us a list of housing assets with stewards who are long out of station. Some of these have house-sitters, with and without house-sitting agreements, and some do not. The HS requested our guidance on the best way to handle these situations. It was agreed that these need to be looked at individually and considered case-by-case. Chandresh volunteered to help the HS follow up on them.

Miscellaneous

Budget Coordination Committee (BCC) mandate and reconstitution: As per our mandate we have started the process, in collaboration with the BCC, to review its constitution and mandate.

In community,
Amy, Bindu, Chali, Chandresh, Lyle, Prabhu, Ulli, and Yuval (Members); Angelo (Secretary), Auralice (Chairperson)

Information on theft of Gold jewellery from Matrimandir

We would like to share the following information with the community:

On June 8th 2017, in the course of our annual audit, it was found that gold jewellery items worth 9.8 lakhs were missing from our safe. The items, such as rings, necklaces etc. had been collected over several years and were kept, along with similar items made of silver, in our safe.

The silver items were not touched, and the auditor confirmed that all were present. There was no cash kept in this safe.

An FIR was filed with the police on June 9th 2017 to register the complaint. A thorough investigation is underway. It is a difficult moment for the Matrimandir team and we sincerely hope that the case will be solved as soon as possible.

Water Saving Tip - In the Kitchen #2: Here’s a random assortment of water saving tips for your kitchen: Wash your fruits and vegetables in a pan of water instead of running water from the tap; then use that same water on your plants. Reuse leftover water from cooked or steamed foods to start a nutritious soup, or pour it on your plants. Cook food in as little water as possible. (This also helps it retain more nutrients.) Select the proper pot size for cooking. Large pots may require more cooking water than necessary. And if you accidentally drop ice cubes, don’t throw them in the sink. Drop them in a plant instead. Finally, retrofit your taps with aerated one. You can find these in Pondy, look for the Jaguar brand. The water savings can be up to 60%! Water Group, watergroup@auroville.org.in

The Auroville health Service and the Farewell Team

Having seen the work of these two groups in close up, I want to thank them from my heart for their commitment to true service as have expressed in their care for Tekeste. The Health Service for their work during the last years of his life and the Farewell Team for all the care after he passed away.

Dear Dr Amarnath, Meeththil, Arielle, Rati and Kannaki, Santosh, Sharma and Friederike - Thank you for the patient and loving care you have given to Tekeste. You came whenever needed on top of the duties that were regular. Tekeste was not the only one you looked after, there are also several other Aurovilians who cannot manage on their own, and I came to understand something of the scope of your work. You have my profound respect and gratitude for the work you do and the spirit in which you do it. At first when Tekeste became house- and more or less bed-bound, he felt that life was over. The sweetness of service surrounding him helped him overcome this and gave him the time to accept that every phase of life carries its own learning and that everything has to be surrendered.

Dear Michael, Tineke, Santosh, Suzy, Helena, Indra, Ricardo and the very large group of Aurovilians who take up parts of this work: What you create is a gift from Mother to us all. And a challenge to us to do our best in the mornings and afternoons.

With all my appreciation, Jaya - OM SRI AUROBINDO MOTHER

Thanks to Grace and Nagappan

So I just plan to be back next year. Praying so that it happens, please join me in the prayer!

With love to all. Nawang Jinpa.

came to visit the Ashram and participate in the first anniversary celebration of Auroville. Kalu’s brother Mona Sarkar became very intimate with Kalu Sarkar who spoke with him about The Mother, Sri Aurobindo and their vision of Auroville. In 1969 he

From 1966 – 1976 Tekeste served as a diplomat in India. He became close friends with Vinay Verma, the brother of Aster Patel. He also

The Mother replied: “My blessings are with you. A bientot, Mother”

Tekeste then wrote both to the Emperor Haile Selassie and to Father Dioskoros about the Mother and the creation of Auroville. As a result of this, Emperor Haile Selassie and Bishop Dioskoros were, after India, the first Head of State and religious leader to express in writing their respects to the Mother and support for Auroville and the ideals it stands for.

After 1976 Tekeste was posted as a diplomat in Cuba. He had never looked towards marriage, but was closely connected with his large extended family and helped bring up and provide education for nieces and nephews. On retirement he returned to Ethiopia where, in memory of Bishop Dioskoros, he started up an NGO for helping women.

A new Beginners English class has just started, with Malcolm, from the USA, who is a wonderful teacher and person! All are welcome. We are also going to start a new Intermediate English class, which will be based on reading out loud and a lot of discussion on current topics within Auroville and the world in general. It will be co-taught by Malcolm and Mita. Both classes are twice a week, and students can additionally work on the mediatheque with the English videos and software. Afternoons, the mediatheque is pretty full, so come in the mornings if you want to be sure of getting a place. It's quite lovely to see more people using the resources of the mediatheque for self-study, and to see the mix of nationalities using the mediatheque. A new French class is probably going to start in July. We'll let you know. The Tamil classes continue. Other classes are arranged on request. Tomatis is available. Have a look at the info at our website. http://www.aurovillelanguagelab.org/tomatis-method.php http://www.aurovillelanguagelab.org/pdf/tomatis-for-language-learning.pdf And a 45-minute film in French with English sub-titles: https://www.youtube.com/watch?v=wnpXprTl3m0&feature=youtu.be Maybe now is the right time, since it is summer, and while lots of birds have flown away, the rest of us are all here and life hasn't stopped!
