The teaching of surrender.

Yes, anyway the teaching contained in the Gita — and this surprises you? But there are countless people throughout the world who are convinced of the truth of a teaching, but that doesn’t make them capable of realising it. For instance, all Buddhists, the millions of Buddhists in the world who profess that Buddhism is the truth — does this enable them to become like a Buddha? Certainly not. So, what is so surprising about that?

I told you why there are people who accept this even after having read and studied Sri Aurobindo: why they accept it, hold fast to it, cling to this teaching of the Gita; it is because it’s comfortable, one doesn’t need to make any effort to change one’s nature: one’s nature is unchangeable, so you don’t at all need to think of changing it; you simply let it go its own way, you look at it from the top of your ivory tower and let it do whatever it likes, saying, “This is not I, I am not that.” This is very convenient, it may be done very rapidly — at least one could claim that it’s done. As I said, in practice one is rarely consistent with one’s theory; if you have a bad throat or a headache or have grazed your foot, you begin to cry out or complain, to groan, and so you are not detached, you are altogether attached and tightly bound. This is a very human fact. Or else, when someone says something unpleasant to you, you get quite upset. It is like that — because you are closely attached to your nature, although you have declared you are not. That’s all.

QUESTIONS AND ANSWERS, 22 February 1956 MOTHER

Sweet Mother, I don’t understand “the strong immobility of an immortal spirit”. The Synthesis of Yoga, p. 95

What is it you don’t understand? That an immortal spirit has a strong immobility? It says what it means. An immortal spirit is necessarily immobile and strong, by the very fact of its being immortal.

But then Sri Aurobindo says about the Gita: “Not the mind’s control of vital impulse is its rule, but the strong immobility of an immortal spirit.” Yes. But this is a conclusion, my child; you must read the beginning of the sentence if you want to understand....Ah! (Turning to a disciple) Give me the light and the book. (Mother searches).

Here it is, he says, “The Gita... aims at something absolute, unmitigated, uncompromising, a turn, an attitude that will change the whole poise of the soul. Not the mind’s control of vital impulse is its rule, but the strong immobility of an immortal spirit.” This is as clear as daylight. The Gita demands the strong immobility of an immortal spirit — all the rest is secondary. What the Gita wants is that the spirit should be conscious of its immortality and thus have a strong immobility. For this is a fact, it’s like that. When the spirit is conscious of immortality, it becomes an immobility all made of strength. Immobility — that is to say, it doesn’t move any longer, but it is a strong immobility, it is not an immobility of inertia or impotence; it is a strong immobility which is a basis for action, that is, all one does founds itself upon this powerful — all-powerful — immobility of the spirit that is immortal.

But you see, there is no explanation which can give you that; you must have the experience. As long as one has not had the experience, one can’t understand what this means.... And it is the same for everything: the head, the little brain, cannot understand. The minute one has the experience, one understands — not before. One may have a sort of imaginative idea, but this is not understanding. To understand, one must live it. When you become conscious of your immortal spirit, you will know what its strong immobility is — but not before. Otherwise, these are mere words.

You don’t understand how one can be immobile and strong at the same time, is that what is bothering you? Well, I reply that the greatest strength is in immobility. That is the sovereign power. And there is a very small superficial application of this which perhaps you will understand. Someone comes and insults you or says unpleasant things to you; and if you begin to vibrate in unison with this anger or this ill-will, you feel quite weak and powerless and usually you make a fool of yourself. But if you manage to keep within yourself, especially in your head, a complete immobility which refuses to receive these vibrations, then at the same time you feel a great strength, and the other person cannot disturb you. If you remain very quiet, even physically, and when violence is directed at you, you are able to remain very quiet, very silent, very still, well, that has a power not only over you but over the other person also. If you don’t have all these vibrations of inner response, if you can remain absolutely immobile within yourself, everywhere, this has an almost immediate effect upon the other person. That gives you an idea of the power of immobility. And it is a very common fact which can occur every day; it is not a great event of spiritual life, it is something of the outer, material life. There is a tremendous power in immobility: mental immobility, sensorial immobility, physical immobility. If you can remain like a wall, absolutely motionless, everything the other person sends you will immediately fall back upon him. And it has an immediate action. It can stop the arm of the assassin, you understand, it has that strength. Only, one must not just appear to be immobile and yet be boiling inside! That’s not what I mean. I mean an integral immobility.

QUESTIONS AND ANSWERS, 22 February 1956 MOTHER

The realisation of what I am occurs in the timeless awareness which does not stimulate nor delude.
I create a field without self or centre, a field where even death becomes only analogy.
I desire no results.
I merely permit this field which has no goals nor desires, no perfections nor even visions of achievements.
In that field, omnipresent primal awareness is all.
It is the light which pours through the windows of my universe.

Working Committee report August 2017

The main issues dealt with in August were:

1) Governing Board Meeting.
   a) The 50th Governing Board meeting took place from 13th to 14th August 2017. All newly appointed Board members participated as well as an official of the HRD Ministry, who was representing one of the ex-officio members. Two Board members are yet to be appointed by the HRD Ministry. Our detailed report can be found at: https://www.auroville.org.in/article/64940
   b) We wish to thank Donata and Jean-Marc for the lunches at Samarpan and Le Morgan; Pala for making the flower arrangements; and the executives of Centre Guesthouse and Arka for hosting the Board members.
   c) The Minutes of the Board will be published as soon as we receive them.

2) Entry. A General Meeting was held on Saturday, 26th August at the Unity Pavilion. A report on the same will be published shortly.

3) Code of Conduct for Trusts and Units of the Auroville Foundation. We have been informed that the Board has in principle approved the Code of Conduct, with a few minor modifications such as a simplification of the legal language. The approved version of the Code will be published as soon as we receive it.

4) Swagatham Guest House. We would like to express our thanks to the Secretary, Auroville Foundation, for his help in resolving this matter, to Vijaya’s support group for helping find a solution and to Vijaya for accepting the solution. We would also like to thank the informal support group who worked tirelessly to resolve the issues. For the time being, the office of the Secretary will be in charge of running the Guest House. Our detailed report and Vijaya’s response can be found here: https://www.auroville.org.in/article/64187

5) Essential services open during strikes. A meeting was called by the Secretary with representatives from the Solar Kitchen and PTDC to decide how best we can keep essential services (SK, PTDC and Santé) open during strikes. The Secretary informed that police protection will be requested to guard these buildings during strikes and allow for unhindered access. Only if police protection cannot be provided will these essential services be closed.

6) Aadhaar Camp in AV. We have received many requests for organizing a second Aadhaar camp. This will take place from 5th to 19th September 2017. For details please see: https://www.auroville.org.in/article/64553

7) MM Executives. Together with the Auroville Council we had several interactions with the outgoing MM executives, with the coordinators and with the newly appointed executives to ensure a smooth transition. The new team has been requested to submit a work plan for their tenure. We await the same.

8) Annual Reports. We have received annual reports from various units and activities and services which we have sent to the Auroville Foundation for inclusion in the Annual Report of the Auroville Foundation. We thank all those who have submitted timely reports.

9) The Name and Symbol of Auroville Protection Group is a group of persons concerned about misuse of the name and symbol of Auroville, which are protected by law. They interact with the Working Committee in all cases where the name or symbol is used for a purpose which is not related to Auroville, such as using ‘Auroville’ as the name of a housing estate or for promoting a commercial product, etc. When and if you notice a possible misuse of the name and/or symbol, please do not go as individuals in attempts to resolve these matters. You are instead to inform and contact this group so that they may take necessary action. The group can be contacted at email id: nameprotection@auroville.org.

10) Beach erosion at Samuthira. A house in Samuthira is in danger of collapsing due to beach erosion. In May, a visit of the Collector and Superintendent of Police to the place was organized. The Village headmen have meanwhile agreed that emergency measures can be implemented, for which the FAMC had already allocated Rs 80,000. The FAMC has asked for a report on the long-term viability of the proposed solution.

11) Hive project. The views of the Auroville Council, the TDC and the majority of the Working Committee members have been published: https://www.auroville.org.in/article/64504

12) Noise/Sound Pollution. We received complaints about sound pollution from an event organized at the Town Hall on August 15th. The noise was audible inside the Matrimandir Chamber. Those organizing events are requested to follow the Tamil Nadu Noise Pollution (Regulation and Control) Rules, 2000 (in other words, please turn down the volume).

ON-GOING ISSUES:
During the month of August, much time went into discussions on the following issues, which we hope to complete soon:
1. TDC new mandate - jointly with the AVC
2. Work of sea erosion control on Samuthira beach
4. Facilitating the entry of young people in Auroville - a second meeting will be called soon
5. Safety and Security matters - jointly with the AVSST
6. 50th Anniversary

Forest Group meeting notes, August 4, 2017, Fertile

Present: Fabian (chair), David Aurodam, Petar, Jan, Volker, SoYoun, S Rajkumar, T Segar, S Balu, Julia, Guy, Johnny, Tananjayan, Satyaajit, Suryamayi, Shona, Jessamijn, Rita, Manolo, P Elumalai, Sam, Dominik, Shivraj, Alyona, Thierry, Philippe, Barbara, Michael, Vinny, Aurora, Jan, D Segar, Marc, Kammyappan, Adhi, N Rajendran, Sigi, Achilles, Enea, Malvika, Aurore, Island, Dave, Yuval, Glenn, Heidi, Matthieu, Adreanne, Hans (notes)

Black plastic nursery bags: Johnny opened the meeting by showcasing what beautiful and useful things can be made of recycled black plastic nursery bags.

Planting requests: If you haven’t yet done it: please inform Glenn about planting plans for the hopefully plentiful monsoon. Send a mail and include number of plants (TDEF and/or timber), and if these plants are needed for new or replanting.

Workers register: Another if you haven’t yet done it: register your workers with the Forest Group workers register. This register should contain data of all paid forest workers (working longer than one year in a forest community). You can send your information by mail or you can drop the information in the Abri Forest mailbox in the post office or at the Abri Forest gate.

Building permissions: The Forest Group briefly discussed requests for permissions to build living quarters in Ritam, Shanra, Fertile East, and institutional buildings in Aranya. Because it is difficult to assess these plans during a meeting, applicants are advised to circulate detailed building plans to members of the Forest Group by email and to always bring a hard copy to the meeting. To be sure that all relevant aspects are covered, it is best to use the TDC infrastructure form for building applications. Forest Group members are encouraged to study the various building applications beforehand to enable a better decision-making process during the meeting.

Safety in the Greenbelt: Sam, representative of Auroville Security, advised the Forest Group to form neighbourhood...
safety support groups, similar to the group that is already functioning in the northern greenbelt. As a first step, Glenn will make a list of neighbourhood sectors.

Herbarium moves to Botanical Garden: The Forest Group is happy that Walter’s herbarium in Shakti has found a new accommodation in Botanical Garden. The Forest Groups approves the construction of a dedicated building, made possible by a grant from SAIIER.

Line of Goodwill and the watershed in Aurodam: The Forest Group received information about a large construction plan, called the Line of Goodwill, for approximately 8000 residents, covering parts of Aurodam. Aurodam is located in a very important water catchment area. The Forest Group trusts that an independent environmental impact assessment is carried out, before any construction plan in this ecologically sensitive area is laid down.

Next Forest Group meeting: Friday, September 1, 3 pm in Ritam.

Report and Reflections of the Water Group August 2017

First, an update on the water situation. Despite a sweltering few summer months, the southwest monsoon has cooled us down with a higher than average rainfall in July and August. This July 153 mm fell, whereas the AV average for the last 39 years has been 73 mm. As for this August, 224 mm has fallen by Aug 26, whereas the average for the last 39 years has been 130 for the entire month. How are the aquifers responding? Our shallower wells, tapping mostly into the Cuddalore Sandstone aquifer, are showing signs of stabilization and gentle recovery. However, water levels in our deeper wells, tapping mostly into the Vanur Sandstone, continue to decrease. We need much more rain if we want to recharge all of our aquifers. We hope that the northeast monsoon, beginning in mid-October, will bring those rains. The recent rains and above average rainfall make us hopeful, but we also have to remember that we are not in the clear. This summer we created a Crisis Management Plan, in case wells in Auroville began to go dry, and kept our Working Groups updated with weekly bulletins regarding the water situation. Frankly, it was tense, and we were monitoring closely the wells of Auroville. Although this drought has been the worst in 14 years, erratic weather patterns are something that we can expect from now on. As such, the Crisis Management Plan (and all of the lessons we learned in creating it) is getting inserted into our long-term Water Management Strategy, in case we need to access it again in future. One thing is clear: if we continue to rely on one source of water (underground aquifers) we remain vulnerable in future drought situations. Water security relies on multi-sourcing, which we continue to develop in our Water Management Strategy.

In addition to creating a long-term strategy, we’re also working to: strengthen our well monitoring and rain gauge teams and get that data up on our website, advise on the installation of flow meters on wells in Auroville, update the community with tips and reports, and more.

Report from Bharat Nivas Group

Regarding Various Repairs and Up-gradation Works On Different Buildings in The Campus

Sri Aurobindo Auditorium
This is to inform the community that we are obliged to keep the Sri Aurobindo Auditorium closed until at least the end of November for ongoing acoustic works. We had thought of opening end of September but due to several complications we are unable to do so. Apart from having to send two sub-woofers for repair which got stuck because of the GST, while removing the old acoustic panels from the walls (to replace them with different ones) we found termites for which we had to treat the entire building. These caused further delay but now the walls have finally been covered by the new panels.

The acoustic works are being done to improve further the quality of sound in the Auditorium by making the sound more even in the entire hall. To achieve this we will add two more sub-woofers. The panels which will be hung from the ceiling (a new feature) should also help in that direction. This entire renovation has been designed by Sound Wizard and is being implemented by different teams.

We request the community to bear with us for this delay. Thanking you,

Sri Aurobindo Auditorium & The Bharat Nivas Cultural Group

Report on ongoing construction & infrastructure work in Bharat Nivas campus

On the construction side we have managed to complete the repairs at SAWCHU: the new toilet block for the auditorium is almost complete and waiting for the waste water treatment. The work on the trenches for electric cables and water pipes is in progress. The septic tanks around at the Atithi Griha and Swagatham guest houses have been cleaned up and found to be in order. The Tamil heritage center building construction has gone forward in spite of all its financial problems – the basement is complete, the first-floor roof has been cast, preparations for casting the 2nd floor roof is in progress.

Report on Kalakendra
For the last 6 months, Kalakendra has been white washed, received full termite treatment and some minor electrical works have been done. The artists’ studio spaces for crafts activities have been renovated and cultural activities such as workshops & exhibitions have begun.

ANNOUNCEMENTS

Government of India Grant Management Committee: An initiative from the Funds and Assets Management Committee and Working Committee

We would like to inform the community that the FAMC and Working Committee (WC) have restructured the former Government of India (GOI) Grant subgroup to officially form the GOI Grant Management Committee to better manage GOI grants. Auroville is listed amongst the Institutes of Higher Education, of the Ministry of Human Resource Development (HRD), GOI. To that end, Auroville has received grants from the HRD Ministry for many years. Bharat Nivas, SAIIER, and more recently, New Era Secondary School, Aurinoco, working groups such as Town Development Council (TDC), WC and FAMC have received GOI grants on the basis of funding requests made to the Governing Board (GB) via the Working Committee. At present, Auroville receives Rs. 15-18 crores annually with over 80% of this grant being earmarked as capital expenditure for infrastructure. In the past, some members from the WC, FAMC and representatives from the Unity Fund would manage the grant application process and primarily ensure timely utilization of funds as this was crucial to the next tranche of funds being released.

This year the WC saw the need for better processes, and the FAMC noted that allocation of the GOI grants does not always: a) respond to important collective needs of the community; and b) have adequate accountability structures for monitoring work and use of funds, which has in some instances led to mismanagement of funds and poor quality work. To meet these

News&Notes 2nd September 2017 [713]
On Housing
Dear Communities of Auroville,
As you are aware we have an acute shortage of houses for Aurovilians, Newcomers and Volunteers and we are at a point when as a housing group we find it difficult to remedy this situation without the active collaboration and co-operation of our communities.
We therefore appeal to you to get back to Housing Service, (contact: Svenja: housing@auroville.org.in) if you have the following in your community to convert into living spaces for house-sitting arrangements for those in need of housing.
1) A garage or store room that can be changed into a living space.
2) Under-utilized community kitchen spaces, a part of which can be converted into living spaces.
3) Under-utilized or locked living spaces without any house-sitter.
4) An independent room attached to your living space which can be offered to house-sitters.
5) Space in your community where a single incremental housing can be created/constructed for a person or a family. (Housing will remain the steward of such assets and they will be given for house-sitting or they could be given for stewardship only upon the approval of the respective community)
We really need the proactive participation of our communities to help resolve the housing situation. We have more than 130 communities. Can you imagine how many housing solutions we can have if all the communities come forward with any one of the above or any other innovative solutions to help create housing for all?
In your next community meeting please consider this request and get back to us as soon as possible.
Awaiting your early response with photos if possible.
Warm Regards,
The Housing Board - The Housing Service supported by: AVC, FAMC, WC, ITDC

Dear Friends,

There will be a water ceremony after the early morning meditation of 28.2.2018, in the Amphitheatre. It is proposed that water from different water bodies of the world be collected and brought to Auroville.

The bringing together of water from all over the world in a symbolic ceremony at the centre of Auroville would not only mean a prayer for unity but also a prayer for this diminishing resource for the whole world.

We need the collaboration of the peoples of the world to make this event come true. We invite Aurovilians, Newcomers, Guests, Visitors, Friends of Auroville from different parts of the world to help us in our endeavour.

Please bring us a little water from your place.

If you wish to participate in this attempt then this is what we propose:

1. The water must be from a lake, river, spring etc. from your part of the world.
2. The amount can be anything between 500 ml to 1000ml from each water source. Can be a smaller quantity if bringing it over poses a problem.
3. To be bottled in a leak proof bottle preferably made of glass and carried in the luggage that is checked in.

Karpagavalli

Our dear friend and Sister Aurovilian Karpagavalli Selvanambi, left her body in the evening of Tuesday 22 August, in a Madurai nursing home to which she had been taken after a stroke in 2013. Members of her family were with her; she was 72 years old.

Karpagavalli was a lively and capable teacher in the Tamil language who joined Auroville in 1992. She worked in Isaiambalam School, Ilaignarkal Education Centre, Transformation school and Arulvazhi Education Centre, and will be remembered by many of her pupils and colleagues.

Her remains were cremated on the 23rd in her hometown Madurai. Thank you, Karpagavalli, may you rest in peace.

**Water Words: What would you do? (2/2):** Remember last week’s scenario about how to handle a situation in which an Aurovillian is using excessive amounts of water for their personal benefit? Well, we received some suggestions from you. Most people said: first verify if the information is true! Then suggestions ranged from cutting off the person’s water supply, to taxing based on usage, to some form of mediation or community intervention. Thank you to those who engaged with this scenario and asked themselves the bigger questions: how do we, as a community, manage our water usage? And taking it a step further, if first we want transparency of water usage, are we willing to prioritize this in our city budget, such as by purchasing and installing flow meters on each well? How far are you willing to support water monitoring as a crucial element of our township’s health? Your reflections are always welcome. Water Group, watergroup@auroville.org.in

**Awareness Programmes in the villages for a plastic free world by Kulappalayam Cultural Centre (KCC):** Dear friends, we are on the track for presenting our “WELL BAGS” - Awareness programmes to the villages and our communities for a plastic free world by our KCC. **Cultic studies:** Hello everyone, I read an interesting article which helped me understand some interpersonal dynamics which exist in the world and which Auroville is not exempt from: “The Relational System of the Traumatizing Narcissist”, published in the International Journal of Cultic Studies (see http://www.icsahome.com/articles). Here is the article formatted as a PDF: http://wiki.auroville.org.in/w/images/4/4a/Shaw_2014.pdf. I think it would be beneficial for those of us living here to develop a culture of psychological and sociological knowledge. This would help us be able to see the dynamics at play in Auroville more accurately. Kristen G.

Numerous next times and our personal worries. Musicians, friends, helpers, spectators and neighbors all spontaneously joined in and made music happen. It disappointed because of the efforts we put in to get there, but something greater emerged that night after we all forgot about the rain. Join us for a night of music, outdoors and later indoors. New Creation Boarding School
Dear Friends of Auroville, dear Aurovilians,
We wish to get your support to build an extension for the boarding school at New Creation. Since 1983, Auroville Child Development has been helping children from the neighbouring villages, free of cost, from the age of 4 to their higher studies. We now have 45 children and it has become necessary to create an extension to the already existing building. This extension will create a much needed additional living space. About 70 lakhs are needed, and any amount will be appreciated.

We never forget that the surrounding population should receive as much attention as our Auroville children, as their future is part of Auroville (if they are willing).

Hoping that you share our aspiration for Auroville, by keeping our doors opened for those who need it.

**Letter to the Residents of Auroville - Concerning Prosperity**

Dear Aurovilians,

The 50th Anniversary of Auroville is approaching and for this occasion a group of Aurovilians gathered to reflect about our present situation and our future as the society envisaged by The Mother, what are our achievements and shortcomings. We have tried to analyse where we are as a community and what direction we should take, what are the most urgent decisions and actions that need to be taken to accelerate the manifestation of the city the earth needs.

The diversified team that inspired this initiative included, directly and indirectly: Pashi, Mita, Joseba, Anandi, Luigi, Loes, Giacomo, Paulette, Juergen, Umberto, Kavitha.

We discussed plenty of ideas, and soon one emerged with the capacity to reunite many of the topics we consider essential for the future of Auroville, and this was the Prosperity guidelines given by The Mother.

As we have had in the past many long and tedious discussions that rarely concluded in any practical action and have left us with a feeling of frustration, we propose to create as soon as possible a Focus Group, i.e action oriented, with enough experience and capacities to analyse, study and organize the presentation of a number of practical proposals to be discussed at a collective level for their ratification and implementation.

All those who share this aspiration are invited to come forward with practical suggestions based on experience to work towards this mission on a short, medium and/or long term basis as labour of love.

This anniversary brings to us a very precious moment, a rare opportunity full of significance that we should not loose. It is with this intention that we invite all those who feel the urgent need of the change to join us in this exercise.

Could we take a bold leap towards the Dream and manifest a new form of Prosperity for Auroville?

If you are interested to work out together concrete actions in a space respectful of diversity, Please come to the 5th September CAT event on “Exploring Prosperity” at Unity Pavilion, 4.30 - 6.30 pm

The Mexican Bug

“In Pandipur, the war is against Lantana. The forest department is banking on a bug to deal with the Lantana menace. Called Teleonemia scrupulosa, or Lantana lace (also the Mexican bug) it has begun eating the Lantana leaves vigorously. Sudheer of Voice for Wildlife worries about the impact of this bug on native plants. “What if the bug mutates and becomes a greater menace”. (The Hindu - 2- 27.8.17, p.1).

Lantana camara is a very common bush in Auroville and in the Kodaikanal region, where Auroville has its Nature Camp. According to the Mother, the spiritual name for Lantana’s flowers is “cells”. The British brought Lantana in India 200 years ago for ornamental purpose but now it took too much territory for itself. Every species of plants and animals has its own battle for life and Lantana is very successful at it in India. This insect isn’t currently part of Auroville’s fauna but it may be possible in future. The insects are ancient creatures and their mutability is great.

What kind of plants in Auroville can the Mexican bug attack beside Lantana? Hibiscus? I hope that the mighty Lord will care about Hibiscus. We already have enough Indian insects eating Hibiscus. But maybe Lantana isn’t afraid of them and it is attractive for the pollinators. I’m not sure that Lantana is now bad for the Auroville’s ecosystem. Of course it could possible in future. And what about the Mexican bug? Is India for it better than Mexico? We will see. The Auroville’s flora and fauna is very rich. The mission of life in Auroville is almost accomplished.

Nowadays people have so many cellphones, computers, motorbikes but they mainly do not know what are Lantana and bugs. But mankind is a part of nature; people are not part of industry. The ignorance about nature is ignorance about themselves. The ancient wisdom speaks: cognosce te ipsum (Greek) – know yourself. Instead people know only about technique. More ignorance - more illnesses. It is like a boomerang.

Spirit - Conscious Living, Conscious Parenting

Invites you for the first “Conscious Parenting Circle”

September 16th, 1.30 - 3.00 pm at Petite Ferme, Egle & Ravi’s place

Are you ready to embark on a wonderful journey of self-discovery while raising your child in a spirit of consciousness, connection and love?

At times all parents feel lost or without a clue about what your child might need from you. Imagine what it might feel like if you were able to make sense of what your child really needs, to be able to look at your child’s needs, and beyond his/her behaviour. To support and strengthen a secure parent-child connection, by understanding your child’s emotional world and supporting our child’s ability to successfully manage emotions, by honouring the innate wisdom and desire for your child to be in a safe relationship with you.

A parenting circle provides a friendly, supportive environment. It is a place where anyone in a parenting role can openly discuss the successes and challenges of raising children, where you can find and share support.

How? By sitting down and really talking. The conscious parenting group fosters an open exchange of ideas, support, information and resources. This groups serves parenting children of all ages and families of all types. It is there to help parents find support.

Conscious parenting is a parental style that is rich of:

• High-level awareness and consciousness along with a keen eye for “the Big Picture” and long term goals.
• Deep presence, intimate connection, conscious communication and unconditional love.
• Mutual respect, full acceptance along with basic trust in children, their abilities, skills and knowledge.

You are welcome to join us on September 16th, from 1.30 to 3 pm at Egle & Ravi’s house in Petite Ferme.

The parenting circle will be organised regularly, and facilitated by Megan.

I am very passionate about conscious parenting, pedagogy, and consensual living, which I love to share, to create happier families and a more peaceful, conscious society. The SPIRIT Conscious Parenting Circle is one way for reaching out towards these goals.

Kindly register by mail: megangonlag@auroville.org.in or by phone: 9787416417

You can bring your young child(ren), they can play at Egle’s Garden. In case you'd like help to find the location, just let me know.

Thanks much, Love and peace, Megan

Laboratory with Jessica Walker: Meditation & Theatre.
AT CRIPA (Kalabhumi)
Friday 8th September 2017 from 4 pm to 6 pm
Jessica Walker graduated in theatrical performance from the University of Chile. She lived in the desert of Atacama to perform life and healing work with the tarot of La Madre Paz. For almost 30 years she has been involved in experimental theatre projects, as well as dramatic dance and body pampering. She was a founding member of the company “Teatro del Silencio”, to which she belonged for 10 years. The company’s language of gesture and emotion led them to be the most important experimental theater group in Santiago de Chile. From 1990 to 1998 they toured America, Europe and Africa. She is a Kundalini Yoga instructor, kinesiologist, floral therapist and geo-therapist.
In Jessica’s words: ‘I don’t seek the actor’s projection on stage; I look for her soul. Only then I will see her beauty’. “Creating opens an inner space which gives us visions. Everything you learn can be thrown away, in order to be redeveloped over and over again in a lucid and harmonious way, which enlightens and provides peace to the creator. To discover that your own experience will turn you into your own Creator.”
This workshop is for everyone who interested in finding her/his soul, no experience is needed.

About Devasmita: Devasmita is a immensely beautiful Odissi dancer, choreographer and story-teller. She has studied under the two greatest gurus of Odissi, Guru Durga Charan Ranbir and Kelucharan Mahapatra, the founders of the two schools of this style of Indian classical dance. She excels in Abhinaya, giving form to the subtleties of emotion through delicate facial expressions. CREATIVITY HALL OF LIGHT

HUM CHAKRA YOGA by Asha
Every Monday from 4th September onwards.
Timing: 5 pm to 6.30 pm
Venue: Hall of Light in Creativity

The word Hum is the root vibration, the smallest, indivisible unity of sound as reflection of the essential nature of Kundalini-Shakti. Hum is the descent from universality (Om) into the human heart. The word chakra literally means a “spinning wheel”—an apt metaphor, as spirit uses the chakras to weave the fabric of life. The chakras govern our behavior, shape our emotional life, give expression to our deepest desires, and build the structure of our physical body and personality.

Understanding the chakras gives us self-knowledge at every level of our being. To know better who we are, we need to be conscious of our body, mind and soul. We will identify what are the physical and psychological symptoms of blockage, deficiency and overactive chakra, and we will work on it through different techniques.

We will go deeper into the yoga asana, pranayama, meditation, chanting and through Mother’s qualities (Courage, progress, receptivity, etc...) we will make an inner reflection to our consciousness and advance in the stages of personal evolution. Balancing our chakras, each day we will give special attention to some chakra or chakras and we will discover the way to heal ourselves, how to be a balanced and happier person.

Next Monday, 4th September in Creativity Hall of Light from 5 to 6.30 pm
Yoga for adults. All levels are welcome.

Meditation is an important tool to listen, accept and know ourselves, and to become more intuitive towards ourselves and others. The purpose of meditation - besides the physical and psychological benefits - is to build a connection with our soul and with the Divine in and around us. It also encourages the development of our intuition and perception through the heart and not only through the rational mind.

Meditation helps us essentially to develop our capacity for personal introspection and is the basis for our ability to listen to the person we float in our arms during a Watsu session. In this way we can work with a genuine empathy, thereby stimulating the flow of subtle energy.

Prerequisites: Watsu Basic or Watsu & OBA/Liquid Flow Basic. Watsu & Meditation is recognized by WABA (Worldwide Aquatic Bodywork Association) as part of the Watsu learning program and gives 15 hours of credit for registration with WABA and Watsu India.

A 2-day celebration for ALL lovers of movement and flow. We will playfully explore and express ourselves through movement and dance on land and in warm water, on our own, with partners and in group. From self-connection to allowing movements to emerge, no one deciding where to go, the doors open for non-verbal communication and deep sharing… Connecting on land to our deeper longings, we give the body permission to find its own way of expression and possibly contacting others. Warm water with its sense of weightlessness and fluidity invites us to let go and experiment with our own organic and fluid way of movement. Let's enjoy this journey!

No previous experience required. Water & Dance gives 15 hours of credit for registration as a supplementary class with Watsu India.

OM Choir
In 1961 the Mother gave the adesh to Narad to bring down a new music. She said that one must go far above words and bring down the pure Music. Mother told us to sit in a circle and have no preconceptions as to what we would sing but to be silent and let the music descend in us. The OM Choir aspires to bring down the New Music for the New World in a collective body. We sing only OM, the creative and effectuating Word, after warming-up and voice exercises given by Narad.

DISRUPTION: A CALL TO ACT ON CLIMATE CHANGE
52 Minutes / English / 2014 / Produced and Directed by Kelly Nyks & Jared P. Scott

This is the story of our unique moment in history. We are living through an age of tipping points and rapid social and planetary change. We’re the first generation to feel the impacts of climate disruption, and the last generation that can do something about it. The film enlarges the issue beyond climate impacts and makes a compelling call for bold action that is strong enough to tip the balance to build a clean energy future.

EVOLUTION FAST FORWARD, Part 3 - PARTS OF THE BEING & PLANES OF CONSCIOUSNESS - as mapped by Sri Aurobindo and The Mother.

The film gives us some knowledge about the objective and subjective view of our existence and that there are two systems working in the organisation of the being and its parts. There is a vertical system spanning above and below and there is a concentric system. And these two systems are simultaneously active.

In these two systems the Physical, the Vital and the Mind have their own workings. In the Physical there is an automatic intelligence and organisation at work and the consciousness of the body is managing incredibly complex operations and is keeping the body in a dynamic and healthy equilibrium. The Vital, the life-force by nature is fluid and dynamic and transforms matter into living substance. Our breath and heartbeat are the most tangible physical rhythms of the vital energy animating the body. And Mind works in many ways and deals with our cognition and intelligence and mental vision and will are part of the intelligence.

This new film by Sopanam is a clear, challenging and beautiful educational tool for the Integral Yoga. Script & Direction by Manoj Pavitran, Video & Graphics: Hemant Shekhar, Music: Arnab B. Chowdhury, Voice Over: Anu Majumdar, Camera Team: Doris & Francis. The film is translated in seven languages and supported by SAIIER. Duration: 75mi

NEEM TREE MOVIE NIGHT!
Dear Friends, Neem Tree cafe will screen movies on Saturdays on a regular basis!
Date: 2nd Aug (Saturday) / Venue: Neem Tree cafe!
Movie name: The Kid
Starring: Charlie Chaplin
The Kid is a 1921 American silent comedy-drama film written by, produced by, directed by, and starring Charlie Chaplin, and features Jackie Coogan as his adopted son and sidekick. This was Chaplin's first full-length film as a director (he had been a co-star in 1914's Tillie's Punctured Romance). It was a huge success, and was the second-highest-grossing film in 1921, behind The Four Horsemen of the Apocalypse. In 2011, The Kid was selected for preservation in the United States National Film Registry by the Library of Congress as being "culturally, historically, or aesthetically significant." Innovative in its combination of comedic and dramatic elements, The Kid is widely considered one of the greatest films of the silent era. Come and enjoy!

International - Saturday 9 September, 8:00 pm:
• VICEROY’S HOUSE (Partition: 1947)
UK-India-Sweden, 2017, Dir. Gurinder Chadha w/ Gillian Anderson, Michael Gambon, Hugh Bonneville, Biography-Drama, 106mins, English w/ English subtitles, New Dehli in March 1947. The huge and stately Viceroy’s Palace is like a beehive. Its five hundred employees are busy preparing the coming of Lord Louis Mountbatten, who has just been appointed new (and last) viceroy of India. Mountbatten, whose difficult task consists in overseeing the transition of British India to independence, arrives at the Palace, accompanied by his Edwina, and his eighteen-year-old daughter Pamela. Meanwhile, in the staff quarters, a love story is born between Jeet, a Hindu, and Aalia, a Muslim girl in the backdrop of the impending partition. According to critiques the film ignores the struggle and of the freedom movement and the strife of a partition, still believed could be avoided. According to the director it is just one perspective of the history. Which one do you agree with?

Reiki: with Marcia @ JOY GH - Reiki is a Japanese technique for stress reduction and relaxation that also promotes healing. It is administered by 'laying on hands' and is based on the idea that an unbalanced ‘life force energy’ flows through us and is what causes us to be alive. If one’s ‘life force energy’ is low, then we are more likely to get sick or feel stress, and if it is high, we are more capable of being happy and healthy. Every Wednesday on Appointment.
