YOU CAN SWITCH !
MOTHER’S AGENDA

I have been asked if we are doing a collective yoga and what the conditions for the collective yoga are. I might tell you first of all that to do a collective yoga we must be a collectivity (!) and then speak to you about the different conditions required for being a collectivity. But last night (smiling) I had a symbolic vision of our collectivity. I had this vision in the early part of the night, and it made me wake up with a rather unpleasant impression. Then I went back to sleep and had forgotten it, and just now when I thought of the question I have been asked, the vision suddenly came back. It returned with a great intensity and so imperatively that now when I wanted to tell you exactly what kind of a collectivity we want to realise in accordance with the ideal Sri Aurobindo has given in the last chapter of The Life Divine — a supramental, gnostic collectivity, the only one which can practise Sri Aurobindo’s integral yoga and be physically realised in a progressive collective body that grows more and more divine — the memory of this vision became so imperative that it prevented me from speaking.

Its symbol was very clear though of quite a familiar kind, so to speak, but so unmistakably realistic in its familiarity.... If I were to relate it to you in detail, probably you wouldn’t even be able to follow; it was very complicated. It was the image of a kind of — how to put it? — of an immense hotel in which all earthly possibilities were accommodated in different rooms. And all this was in a state of constant transformation: fragments or entire wings of the building were suddenly demolished and rebuilt while all the people were still staying in them, in such a way that if a person went somewhere even inside this huge hotel, he ran the risk of not finding his room again when he wanted to get back to it! For it had been demolished and was being rebuilt on another plan. There was order, organisation... and there was the fantastic chaos I have described, and in that there was a symbol. There was a symbol which certainly applies to what Sri Aurobindo writes here on the necessity of the transformation of the body, what kind of transformation should take place for life to become a divine life.

It was somewhat like this: somewhere in the centre of this huge building, a room was reserved — in the story, as it seemed, it was reserved for a mother and her daughter. The mother was a very old lady, a self-important matron with much authority and her own views on the whole organisation. The daughter had a sort of power of movement and activity which made it possible for her to be everywhere at once even while remaining in that room which was... well, a little more than a room; it was a sort of apartment, and its main feature was to be right in the centre. But she was in constant argument with her mother. The mother wanted to keep things as they were with the rhythm they had, that is, with precisely that habit of demolishing one thing to build another out of it, and then again demolishing another to rebuild another one — which gave the building an appearance of frightful confusion. And the daughter didn’t like that and had another plan. She wanted above all to bring something quite new into this organisation, a sort of super-organisation which would make all this confusion unnecessary. Finally, as it was impossible to come to an understanding, she had left the room to go on a sort of round of inspection.... She went her round, saw everything, then she wanted to go back to her own room — for it was her room as well — to take some decisive action. And it was then that something rather peculiar began to happen. She remembered quite well where her room was, but each time she set out to go there by one route either the stairs disappeared or things were so changed that she could no longer recognise her way! And so she went here and there, climbed up and down, searched, went in and out... impossible to find the way back to her room!

As all this was taking a physical appearance, which was, as I said, very familiar and very ordinary, as always in these symbolic visions, somewhere there was — how to put it? — the administration of this hotel, and a woman who was a kind of manager, who had all the keys and knew where everybody was staying. So the daughter went to this person and asked, “Can you show me the way to my room?” — “Oh, yes, certainly, it is very easy.” All the people around looked at her as though saying, “How can you say that?” But she got up and, with authority, asked for a key, the key of the room, and said, “I’ll take you there.” Then she took all sorts of routes, but all so complicated, so bizarre! And the daughter followed her very attentively so as not to lose sight of her. And just at the moment when obviously they should have reached the place where this so-called room was, suddenly the manager — we shall call her the manager — the manager with her key... disappeared! And this feeling of disappearance was so acute that... everything disappeared at the same time.

IMPORTANT: NEWS&NOTES PAPER COPIES

PAPER COPIES: CURRENT DELIVERY LIST WILL BE STOPPED AND RESET ON 18TH OF MARCH

Dear All,

Your support and donations are most welcome towards finding the solution to your needs. An account dedicated to receive donations for a new professional photocopy machine and a delivery vehicle has been created: “252652 - News & Notes Donations”.

The News&Notes is struggling in the current conditions to continue with PRINTING weekly 850 paper copies (plus 220 Tamil and 110 French). In order to continue for the News&Notes to function correctly, the BCC has stepped in to help with the budget and material needs of the News&Notes.

First step for this to happen, is to get a proper picture of the current minimum need for PAPER COPIES from the Auroville community.

On the 18th of March, we will stop the current PAPER delivery list and will try to restart with a new updated list, compiled with all your answers as informed community members. (if you are receiving the News&Notes by email only, no paper, then no action required! - this continues as previously).

We would like to remind you that currently 90% of the News&Notes budget and time is spent for the PAPER COPY to happen weekly.

PAPER PRINTING ONLY has a heavy cost for our community:
- for the environment (that’s 70 trees yearly - trees of more than 30 years of age) • Plus harmful ink • And a lot of petrol/hands to delivery to your door • Huge paper waste
- for the community budget (over 6.5 lakhs yearly - current BCC budget allocated to News&Notes is TOTALY of 5.6 lakhs)
- for the manpower needed (budget: 1 maintenance plus 1,5 salaries) • many hours of work

PLEASE TAKE A MOMENT TO PONDER and consider if you are READY TO SWITCH and read the News&Notes in its electronic form (to be received in your email box, or online at Auroville website, or on the Auronet) or if YOU NEED the paper copy.

Advantages of the SOFT COPY ARE MANY.
- It is kinder to the environment,
- It is less a strain on our community budget and resources
- It is also less labour-intensive
- It is full-colour and could invite so much more creativity and beauty.
- It is not limited in number of pages and content.
- You can read it as big as you wish on your screen.
- Links and phone numbers are clickable.
- We could soon make all events ready to add to your calendar at a click.
- Once it is downloaded, you have it accessible at any time, and any place on your mobile.

Please send in your choice BEFORE THE 18th OF MARCH by either:
- filling the online form, to switch to soft version OR to request paper subscription. The form is available online at this link: https://goo.gl/hX8LgK
- or filling the paper forms that you can find near the BOX ready to receive your choice at the Town Hall reception desk.

Once the new total number of paper copies needed by the community is known, the proper printing device for that volume can be found to replace the 35 year-old offset printer that we are currently struggling with, the correct running budget allocated to this service, and an adequate vehicle decided.

We are still hoping for a massive reduction of paper copies and we thank you in advance for your willingness to try and change your reading habits, for the ones who can.

There are already over 3000 readers of the News&Notes soft version (2332 receiving by email).

You can join the weekly News&Notes email mailing list at any time at this link: groups.google.com/a/auroville.org.in/forum/#!forum/newsandnotes-list.

Or read online at www.auroville.org/contents/4186.

On Auronet: www.auroville.org.in/group/news-notes

You can read the Tamil and French versions online at www.auroville.org/contents/4186 or register to receive them weekly by email from Aurovtraductions office at this email address: avtraductions@auroville.org.in

WORKING GROUPS REPORTS

The work of the Working Committee focused this month on two main events, e.g. the visit of the honourable Prime Minister of India Shri Narendra Modi to Auroville on February 25th, and the 51st meeting of the Governing Board on February 25th and 26th.

1) Visit Prime Minister of India.

A note of thanks from the PM Task Force and the Working Committee has been published on the Auronet, as well as the congratulatory note of Dr. Karan Singh, the Chairman of the Auroville Foundation.

2) Unfortunate events during the visit.

Two unfortunate events occurred during this visit.

One was that two Tamil Aurovilians, members of the Working Committee, were not given a proximity pass, which they thought had been instigated by members of the PM Task Force. The Secretary of the Auroville Foundation subsequently emailed that none of the Working Committee members or the PM Task Force were involved in finalizing the list of persons getting Close Proximity Passes and that in his view nobody should be blamed for how the events unfolded. We don’t know who made the decision to exclude them.

The matter has caused a lot of hurt to all involved and is being addressed by the Auroville Council.

The issue of perceived discrimination was subsequently discussed by them and a few other Tamil Aurovilians with Dr. Karan Singh, who afterwards wrote to the Auroville community expressing his concerns. This letter has been published on the Auronet. A reply will be formulated.

The second unfortunate event was that an Aurovillian sent a private email to the Prime Minister’s office less than 48 hours before the visit, stating that 5,000 Aurovilians would have liked to hear the Prime Minister’s speech but that only 250 had received a pass. This information is incorrect and caused a lot of consternation. The matter will be discussed with the Aurovillian concerned.

3) Prayers and aspirations from the Auroville community sent to the Prime Minister.

After the visit, the Working Committee has sent a letter to the Prime Minister asking his help in the following areas:
3.1) Protection and purchase of remaining land for Auroville.
The Prime Minister has been asked to ensure that the Auroville Foundation are given the required permissions to sell certain outlying lands as to be decided by the Residents' Assembly of Auroville so that the privately-owned lands inside the city and greenbelt area can be purchased. Additionally, the Prime Minister has been asked for his advice on ways and means to protect Auroville from the influence of undesirable developments which could jeopardise the growth of Auroville.

3.2) Tax relief for donors of the Auroville Foundation
The Prime Minister has been asked to promote that donors of the Auroville Foundation can benefit from 100% tax relief without a qualifying limit for all donations made to the Auroville Foundation.

3.3) National and international support for Auroville
The Prime Minister has been asked to convey a message to International and National leadership of countries and corporations to actively engage in the manifestation of Auroville by making donations from their CSR budgets.

3.4) Liberal Visa regime to include Integral Yoga
The Prime Minister has been asked to expand the definition of Yoga in India's Tourist Visa regime and for the benefit of seekers who come to serve Mother India in the spirit of Integral Yoga.

3.5) Auroville becoming a hub for youth of India and the World.
The Prime Minister has been asked for his help in expanding housing projects in Auroville by building spaces for 500 youth, so as to provide an environment for youth from all over the world to experience a new healthy life style and carry this further to the regions they come from, and beyond.

4) Meeting with the Governing Board.
The meeting with the Governing Board members took place over two days. On February 25th, the report of the Working Committee was discussed (see below); a presentation by the new members of L'Avenir d'Auroville was made, introducing the new team and report on work done; and the land and land protection team discussed issues of statutory land protection (New Town Development Authority) and the need to develop a Land Purchase Policy and Strategy. There was regretfully no time for the Auroville Council to discuss its presentation on Auroville's governance.

On the 26th, after participating in the Bhoomi poojas for the Re-Centre and the Hive Hub, and the inauguration of the Auroville Archives, the Board members listened to a presentation on the Auroville economy by Chartered Accountant Mr. Manuel Thomas. This presentation focused on the difficulties facing the Auroville economy including that of attracting external growth capital for Auroville enterprises, the need to explore sources for internal credit, and a proposal to do a 6-months study involving the Working Committee, the Funds and Assets Management Committee and the Auroville Board of Commerce and community members into the possible restructuring of the units under the Auroville Foundation.

This was followed by a presentation by the Funds and Assets Management Committee on the difficulties facing the Auroville Foundation regarding the implementation of GST, and the necessity of requesting a partial relief.

The last topic on the agenda was the loss of Auroville's beach assets. The Board listened to a presentation by Jan, and discussed possible options to prevent further loss of beach assets.

The Working Committee brought the following concerns to the attention of the Board members:

4.1) Governing Board and International Advisory Council, Auroville Foundation.
We expressed the hope that the HRD Ministry will soon fill the vacancies in the Governing Board and appoint the five new members of the International Advisory Council.

4.2) Auroville Foundation (Entry and Removal of names of Persons in the Register of Residents) Regulations 2013.
We requested the Board to ensure that the HRD Ministry approves the Governing Board approved ‘Entry and Removal of names of Persons in the Register of Residents Regulations 2013’.

It is now 4 years that this approval is pending.

4.3) Rules of the Auroville Foundation
We requested the Board to ensure that the proposed changes in the Rules of the Auroville Foundation are approved by the HRD Ministry. This change is pending since almost 20 years and is of particular importance because the existing Rules specify that the HRD permission is required for any land sales in excess of a value of Rs 5 lakhs. It has been proposed that this limitation is changed into Rs 2 crores.

4.4) GOI Grant.
We informed the Board about the Government of India Grant Group and its mode of functioning, which now includes a project management office with an architect and a civil engineer to monitor the quality and quantity of construction, and a finance department with an in-house charted accountant and a finance person supervising and approving financial flow of money.

We subsequently reported that the full allocated GOI Grant of Rs 15 crore for the financial year 2017-2018 will be spent and presented details of the spending by the various beneficiaries. The Board was then asked to approved the proposed GOI Grant allocation of the financial year 2018-2019, which has been budgetted at a total of Rs 23 crore.

4.5) Visa issues.
The Board was informed about the recent changes in the visa policy for Auroville. The Regional Registration Office in Pondicherry may now issue 5-year Residential Permits / Stay Visa extensions to those who arrive in India with a shorter term Entry Visa, if the formal request by the Secretary of the Auroville Foundation to the Indian Mission abroad which issued the Visa had been to issue an Entry Visa for 5 years. These 5-year visa and their extensions have a limitation of 3 entries a year, which can be twice extended at the advice of the Secretary in emergency cases.

The Ministry of Home Affairs also decided that volunteers may be given an Entry Visa for a three-month period, upon the recommendation of the Secretary. This period is not extendable and the visa is for one entry only.

Conference visa are mandatory for those wishing to attend workshops and conferences in Auroville. A number of conference visa have meanwhile been issued at the recommendation of the Secretary, Auroville Foundation. However, this requires a timely application.

The issue of holders of tourist visa not being allowed to attend workshops and seminars has not been resolved. As one of the objectives of Auroville is to develop into a learning society for the benefit of people of India and all over the world, which come in the form of formal courses, seminars, workshops, or volunteering, the Ministry of Home Affairs has been requested to allow foreign nationals holding a tourist visa to give or participate in seminars, workshops and courses given by and volunteer at institutions of the Auroville Foundation.

The Ministry has not responded to our request that Auroville residents of foreign origin who have been residing in Auroville for a consecutive period of 15 years or more can be given a special Indian residents status such as OCI or residential permits for 10 or 20 years.

4.6) Fundraising issues.
There is a need to speedily develop the Auroville Township for which an increase of funds is required. A major source of support for Auroville can be achieved if large Indian corporations would make donations to Auroville from their Corporate Social Responsibility resources.

The Governing Board has been requested to issue a message at the occasion of Auroville’s 50th Anniversary inviting nations of the world, States of India, Corporates and Indian public sector undertakings that the Auroville Foundation is to be included in the list of institutions that are eligible for CSR donations.

4.7) Land sale permission.
The Governing Board has been requested to support the request made to the Prime Minister of India that the Auroville Foundation are given the required permissions to sell certain outlying lands as decided by the Residents’ Assembly of Auroville.
so that the privately-owned lands inside the city and greenbelt area can be purchased.

4.8) Tax relief for donors of the Auroville Foundation

The Governing Board has been requested to support the request made to the Prime Minister of India to promote that donors of the Auroville Foundation can benefit from 100% tax relief without a qualifying limit for all donations made to the Auroville Foundation.

5) Internal group dynamics

The group healing session to improve our group dynamics has not yet begun. The Auroville Council has meanwhile suggested that a Restorative Circle be formed to address the issues. Manas and Sheba have attended a few meetings as observer to see how the meeting processes can be improved.

6) Residents’ Service

The members of the Residents’ Service are under high pressure to answer to the demands of the Regional Registration Office. All residents are required to check the validity of their passports and Residential Permits and inform the Residents’ Service timely when they wish to depart for the summer.

New Book: "An Integral Education for Growth and Blossoming": SAIER is happy to announce the publication of the new book, "An Integral Education for Growth and Blossoming", written by Fabrice Dini and illustrated by Emanuele. This book was released by Prime Minister Modi as part of the program in Bharat Nivas on Feb 25. It takes inspiration from Sri Aurobindo and the Mother, offering practical tools and exercises for developing all parts of the being. As the author describes: This book is built on the solid foundations of Integral Education. It is an approach that combines in a coherent and subtle way all the aspects of a child’s development – physical, emotional, mental and inner. From techniques to develop mental faculties – memorization, concentration, visualization - to tools to better manage stress and cultivate self-confidence in children and adolescents. It also presents the currents shaping the future of education: Mindfulness, emotional intelligence, positive psychology, outdoor education, ethics, character strengths and fundamental human qualities in education, etc. All of these represent tools for parents and teachers to discover and explore.

The book is available at the SAIER office for Aurovilians and Newcomers at cost price Rs. 680 (using Financial Service accounts). It is also available at the Seagull bookshop in the Visitors’ Center, and through auroville.com.

A message from the Library
The Auroville Library has been gifted two major development projects over the last few months.

A new hall has been built to expand the collection by an additional 4000-5000 books. This has been made possible thanks to SAIER, Suhansini as the architect, and Vinayagam as the contractor. It is open since a few weeks.

As part of a UK sponsored research initiative Auroville Consulting installed a solar system at the Library, which is now running only on solar energy since the last eight months. The system supplies the energy demand for the building, the pump for the wastewater treatment, and seven street lights. Having a battery storage and the option to draw electricity from the grid, if and when required, the system has proven to be a guarantee for uninterrupted power supply. Despite regular power cuts in Auroville, recently even for two days, the Auroville Library and the street lights remained operational.

We would like to express our profound gratitude to everyone who has made these developments possible.

THE BEAUTIFUL WORLD OF KAMALA
As you stand in your truth, you stand in your strength. The Free Store and PTDC fashion show this past Saturday (Mar 10) embodied integrity and the best of Auroville values. Its composition and creativity were beautiful to watch. It was also a celebration of human unity thanks to lots of components, one of them being its Aurovilian actors.

It all started about 3 months ago when Kamala, who has been serving the Free Store for the last 30 years, decided that it would be nice to have a fashion show to celebrate the 50th anniversary of Auroville. For Kamala, seeing people dressed nicely makes her happy and her main wish is to continue to evolve and grow into consciousness through a joyful path of truth and sincerity with the Free Store as her tool for karma yoga. As she said, she could not have found a better opportunity to serve the visions of Sri Aurobindo and the Mother. Dream, dreamers, play and players, act and actors, the beauty of this Aurovilian was presented in all aspects of this remarkable event. In a co-production with PTDC, the Free Store, which has grown to serve over 1000 people, got out of its humble room and, for a couple of hours, was projected into the glamorous flash light of artists, models and acclamation.

In this latest “coup de chapeau” to Auroville, Arlet put together a talented and creative event. Over the last 14 years, Arlet has been well known for her exhibitions, interiors, and fashion design (Remember her production for the last Trashion Show!?!). About 45 models, men, women and children, came to life on a runway defined by small little yellow flowers in the courtyard of the PTDC and Free Store. It could have been one of those Luis Buñuel surrealist movies. Who would dream to see people of all sizes and ethnicities, united to celebrate a vision, going down a runway in the middle of a forest in Tamil Nadu, all of them wearing beautiful clothing, heads covered with hats made of lettuce or watermelon skin, wearing necklaces made out of carrots, leeks and earrings made out of tomatoes or parsley. Those were just a few examples of this display of vegetables and fruits mixed with second-hand outfits, along with pans, clothes pins, egg holders and more.

The last standing tableau with its centerpiece of Kamala, Arlet and Sowmya, colourfully surrounded by all the models and actors of the show, was a very touching composition. In glory and humbleness, it represented an expression of the evolutionary vision of Sri Aurobindo and the Mother: giving, receiving, unity and above all, love, beauty and art.

THE KING COBRA ECOLOGY AND CONSERVATION PROJECT

The Agumbe Rainforest Research Station (ARRS) is currently recruiting volunteers for the radio telemetry part of the King Cobra Ecology and Conservation project (KCEC).

This project consists of implanting king cobras with transmitters and tracking them, using receivers, through their natural habitat to learn about the habits, biology and conservation of these remarkable creatures.

The primary questions to be answered involve foraging patterns, home range, habitat utilization, diet, interaction with other king cobras and, hopefully, recording nest building, nest maintenance and attendance by the females.

Food and accommodation will be provided with basic amenities. The volunteers will be living at the field station near the village of Agumbe, in the midst of the rainforests of southern India’s Western Ghats.

Primary criteria for selection are that candidates should be physically fit for field work, willing to work during challenging weather conditions, passionate about conservation and willing to commit to a minimum volunteering period of 1 month.

Slots are open from 12th March 2018, onwards.

NOTES

A Mantra Used during Chamber Meditation in Matrimandir
Mere mechanical repetition of a mantra is useless. One should understand a mantra. Moreover, understanding a mantra, itself is a part of meditation. Here some tips are given to get the maximum benefit from chanting a mantra. (1) In Sri Aurobindo’s Yoga meditation means to understand the facts of the inner mind in order to get the right Knowledge. (2) The term mantra means that which protects the person who chants it and believes in it. It has the divinity to uplift those who strive to attain the Truth-Consciousness (Supramental Consciousness) and to liberate those who struggle and suffer in life. (3) Crystal, the dim light present in the chamber and Sri Aurobindo’s symbol are very good illustrations to explain the relationship among the Supreme (Paratpara), the Mother (Aditi) and the Universal Existence (Satchitananda) respectively. Here is the mantra: OM-TAT-SAT-JOTIR ARAVINDA Om: Om is the Prana. It is the brilliance of the Supreme. It is the embodiment of Jnana, Joti (Truth). The divine Mother (Aditi) formulates Jnana, which is immutable and limited by nothing. It is the result of Her Transcendental or Universal perception and divine reasoning of things, beings, forces and events in Her creation.
TAT: The Absolute Transcendent (the Supreme, Paratpara, containing all, limited by nothing, capable of absolute attachment or absolute detachment).
SAT: The Supreme Self contains Absolute Existence (Satchitananda), Ananda uniting the Self from the Supreme with the Consciousness-Force (chit-sakti). Aditi (the Mother), containing in Herself the Supreme, upholds all the worlds by Her Knowledge, Power and Ananda. She is Parasakti. JOTIR ARAVINDA: Sri Aurobindo can ascend to the Transcendental Truth-Consciousness or to the Universal Truth-Consciousness. Those who seek His help should submit and surrender to Him. He will deliver them from worldly struggle and suffering. That is why the Mother says that Sri Aurobindo’s help is a decisive action direct from the Supreme. Let us chant the mantra during meditation regularly. We are sure to get the fruit of the mantra, ‘Possession of Truth-Consciousness’. Somasundaram

Soaps: Ingredients and their effect on health and environment
Our Weltwaerts volunteer Mira was given the task to list all the body soaps available at PTPS (Pour Tous Aspiration), to note their ingredients (as published by the soap manufacturers) and to scrutinize the effect of these ingredients on bodily health and on the environment. The table shows the result of this research. We would like to draw your attention to this statement:

AUROVILLE RADIO / TV

Greetings Auroville,...
We are happy to share with you all what we managed to capture in past week as a team of AurovilleRadio/TV.

Sangamam Celebration was fully covered but video files are still being edited, so, please bear with us :-( Here are parts ready: Sangamama Celebration 2, 3, 4 and 5 For the first time AV and AurovilleRadioTV we streamed live the bonfire meditation with Water Ceremony from Matrimandir amphitheatre on 28th of February 2018: www.aurovilleraudio.org/watch-live-dawn-fire-water-ceremony-in-amphitheatre-live-on-feb-28th-5am-7am-ist/ Please do collaborate with us in sharing event details and video clips of events happening in the community of Auroville. We would be happy to hear from you, and also for you to make your Auroville电台 your news source.

From our volunteers we have:
Wobbli and Nadia - Eco Femme
Steve - Jazz Cafe presents Juriaan and friends.
Margherita - presenting vocal artist Mizgina Rengin.

Rtm: Putthiyathore Ulaeem or New World.
Out of regular programs
Marlenka continues with Synthesis of Yoga (35) by Sri Aurobindo. Gangalakhshi reads her Selections (246) in French of Sri Aurobindo and The Mother. Here are also news of Monday, Tuesday, Thursday and Friday, your AurovilleRadioTV Team (www.aurovilleraudio.org)
“Soaps made from the basic components, fats and lye, are mildly disinfectant. For daily hygiene e.g. hand washing after toilet use - this is all that is needed. There is no need for, nor any extra benefit from, the addition of disinfectants. (Disinfectants have their adequate use in specific situations such as e.g. the area of surgical entry into the body under the conditions of a surgical theatre.) But if used daily, these substances often have a potentially harmful effect on bodily health and definitely have a harmful effect on the environment.”

A printout of the table is being displayed in PTPS, next to the shelf of Auroville soaps.

### About Hand Soaps - Consumers have rights

On August 1st, 2016, was worldwide published that the USA - FDA Bans Antibacterial Chemicals in Soaps. Companies could no longer market hand soaps containing several common antibacterial compounds. The FDA instituted the soap ban, which includes the widely used antibacterial chemicals triclosan and triclocarban, citing questions about the antibacterials' safety for long-term use. In addition, there is no evidence these chemicals add any benefit to people's health beyond those of regular soap. In its ruling, the FDA said this would apply to soaps containing any of the 19 chemicals, including triclocarban, found in liquid soaps, and triclocarban, found in soap bars.

Some of these 19 ingredients banned by FDA are: Clofucarban, Fluorosalan, Iodine complex (phosphate ester of alkyllaryloxy polyethylene glycol) o Nonylphenoxypoly (ethylenoxy) ethanoldioline o Poloxamer o Nonylphenol, Methylbenzenethionium chloride, Phenol, Sodium oxychlorosene, Tribromsalan, Triclocarban, Triclosan and Triplet dye.

Consumers have the right to ask for the list of ingredients, but not only that, but to demand that ingredients are not hidden on the labels.

For the last seven years, MGEcotudies _ PROBIOTICS HOUSE, has been campaigning regarding the following critical points on hand soaps sale in Auroville:

1. Banned ingredients in the hand soaps like Triclosan and Triclocarban.
2. Palm oil as one of the ingredient to make soap. Palm oil industry is destroying massively rain forest. Some soap producers do not disclose the ingredient "Palm Oil", instead they write "Edible Oil". Be aware of this!
3. Plastic packaging for the hand soap. Why do you buy plastic? What you do with the plastic after you take the soap? Yes, the answer is landfill.

There are choices in Auroville. Be involved with Re-filling system; either in PTDC, or visit the Probiotics House in Reve, or at HERS.

List of all our ingredients is available to all online and we use 100% coconut oil ONLY - no palm oil.

Consumers have rights to get directly from the producers, who show without hesitation the ingredients used to make their hand soaps.

### A nationwide gathering to address the Agrarian Crisis

Farming was the main livelihood in India from the dawn of its history until relatively recently. Two and a half generations ago, at the time of Independence, agriculture contributed half of the National income and engaged almost three quarters of its people. Today, farming has dramatically declined and most farmers are affected by what is called the ‘Indian Agrarian Crisis’. This has motivated the initiative of a national *Workshop on understanding and addressing the Agrarian Crisis*, to take place in Himachal (North India) next month (3 - 7 April), addressed to all farmers and those who work with farming communities.

We feel that the issues are pertinent for Auroville, and share here some extracts from the invitation:

“Farmers in our country have been in deep distress over the last few decades as agriculture has been made systematically unviable as a means of living. Farmer suicides are only the extreme symptom of a much deeper underlying crisis that has gripped agriculture. There are many dimensions to it - economic, environmental, social and political. *How do we unearth the roots? And is there a way forward?*”

**News&Notes 17th March 2018 [741]**
- Economics: ‘Recent mobilisations by farmers’ groups across the country sought to address key economic aspects of the crisis - the issue of prices for agricultural produce and loan waivers - the freedom from debt.’ Other major challenges are ‘international free trade agreements, (declining) public investments in agriculture, and a growth-driven ‘development’ which believes in displacement from agriculture as an indicator of development!’ An important question: Can there be a guaranteed basic income for farmers?

- Environment: The ‘green revolution’ has led to poisoning soils and water bodies, apart from being responsible for a significant fraction of carbon emissions contributing to climate change. There are many models of ecological agriculture that are based on restoring and nourishing soil health, minimising the use of external inputs and have the potential for climate change mitigation, biodiversity conservation, and also challenge corporate vested interests which seek monopoly over seeds. Can such ‘alternative’ methods of farming be scaled up? What policies would help the spread of environmentally conscious farming systems?

- Social aspects: Most of the farming activities are done by women, but a patriarchal society and official policies fail to recognise women as farmers. ‘Equally important is how caste structures operate in agriculture, where landless farmers are denied land due to historical injustice and are also not recognised as farmers…’

‘We often see that different farmers, activists and organisations have focused on certain aspects in their work while completely ignoring the others. It is essential to come together to understand the various economic, environmental, social and political dimensions, and how they relate to one another. This workshop will encourage activists, farmers, and policy researchers to see the interconnections… and to emerge with a broader long-term vision for new systems of agriculture.’ It is an urgent call for a collective, collaborative effort to address the agrarian crisis and to move towards environmentally sustainable, economically viable and socially just ways of practising agriculture.

In keeping with the spirit, workshop fees are kept extremely modest (Rs 4000 for 5 days for all materials, boarding & lodging, with partial waivers for participants in need), and care will be taken that India’s diversity of languages won’t be a barrier to those who can’t follow English and Hindi. More details on this promising initiative at: www.sambhaavnna.org/programs/policy-school-on-addressing-the-agrarian-crisis-3-7-apr-2018/.

For the Auroville Green Center: Lisbeth, Jasmin, Isabelle, Apple and Island. We invite you to share green news from Auroville, the bioregion and the wider world: avgreencenter@auroville.org.in

SUNDAY 18 MARCH: UDUMBU
9 - 12 am - with Natacha & Yves

UDUMBU is a 9-acre forest with a cashew top and an orchard with vegetables beds. There are several families looking after the land, growing Tropical Dry Evergreen Forest species and exploring ways of combining forestry and food production, especially local edible tubers and creepers.

Directions from Matrimandir entrance: Cycle (about 25 min total) towards north past the Kottakarai turn-off, turn right onto the paved road following ‘Dana’ sign; you are now on the Greenbelt road. Pass Youth Center, Transition School and Dana on your right; at the form keep right and follow the road past the Rajeshwari girls’ college on your right, continue (direction Bogmapalayam & ECR) until next bend in the road, where you will spot the Udumbu sign.

PESTICIDE SPRAYING AROUND AUROVILLE

Just as Auroville’s recent cold and flu epidemic is ebbing off, the cashew pesticide spraying season has started and its fallout is affecting many among us. Cashews get doused twice or more during their flowering and growth cycle, with several highly toxic pesticides that are banned in most countries and in parts of India. Among the substances seen in use are endosulfan (orchno chlorine compound), organophosphates (malathion, monocrotophos) and ‘good old’ DDT (outlawed even in India except for pest control, but like other banned pesticides freely sold over the counter). These pesticides are sprayed in the hope to fight more than 50 species of insects known to infest cashews, some of which have developed resistances. Cashews are among the most heavily sprayed crops in India, after cotton for which half of India’s massive pesticide production is used…

As many of Auroville’s communities share a fence with village-owned cashew tops, pesticide exposure can hardly be avoided. Symptoms of exposure are: cough and sore throat, headaches, stinging eyes, kidney pain, nausea, dizziness and general malaise. The poisonous are cumulative and the long run are responsible for a wide range of diseases such as cancers, nervous system and developmental disorders, and many more. If you live in heavily affected areas, the wise choice may be to temporarily move to a less directly exposed location, especially if pregnant or with small children, and take the homoeopathic remedy called Okoubaka, which is available from the Integral Health Clinic in Prayatna or from the Health Centre in Kuilapalayam. **Child Minden:** Looking for an English speaking, young and responsible person who will spend time with my 8 years old son, Ada, at Adishakti, for 5 days, 20-25March. I will be attending Svaram's 5-day training at Adishakti so if anything happens and you need me I will be very close. We will have lunch all together at Adishakti. There is a pool there, be prepared for swimming. If these attracts you please write to me at lebuin@yahoo.com or message me at 9566911479. I am not good at talking on the phone so we agree to meet somewhere via writing. Hope to see you soon. Burcu Altay (Guest from Turkey)

**Friends for a 8 years old:** Hello, I am a 44 years old single mother and my son is 8 years old. We are guests from Turkey. It's been 3 weeks since we came to Auroville. We planned to stay till the end of April and hopefully come back again in July and my son will start school in Auroville if everything goes ok. My son needs a friend/friends who can spend long hours together so they can develop trust and overcome the barriers of a foreign language. We only know English and although my son understands lots he feels he doesn't. He just needs friends. We can also support each other when trust is developed, such a one of us can stay with the children so the other can go to have her/his own time (maybe visit the Matrimandir for example.) If you are on a similar path in Auroville and your child needs friendship, or you have other ideas, advices, please write to us at lebuin@yahoo.com. Thank you for reading. Burcu

**Access to a piano:** Me and my 8 years old son, Ada, would like to play the piano from time to time. Please let us know if there is a piano that we can come to and play freely. My email is lebuin@yahoo.com. Thank you, Burcu.

**LOST & FOUND**

**Backpack (Stolen):** Last Saturday, at the very end of the concert of the closing Art Festival at the Well Cafe, my backpack has been stolen. First of all, thanks to all the people who helped me search for it, included the Security; and sorry, that I was sooo angry... The backpack has not been found. It is a Nepalese bag, and inside I had many useful belongings, including my wallet with bankomat, credit card and aurocard. Please, if you see it somewhere, write me an email (merianichiara@gmail.com) or contact this number: 8056425184. Thanks a lot! Chiara

**Silver Pendant (Lost):** Dear all, I lost my pendant on Thursday evening while I took my dog for a walk. Between Maduca and Lakshmi Park. It is a silver triangular shape with a pearl on top and a red coral on the bottom. If you found it please call Kay: 9943368410. THK

**USB Stick (Lost):** I lost my small black/red SanDisk 64 GB USB stick in the Town Hall area. It contains among other data a bunch of good movies (feel free to copy before return). If found, please contact Christoph 9877024295 / christophp@aurowville.org.in

**Chappals (Lost):** Saturday evening in New Creation. Someone of the class before my Salsa class likely took them. Please text me: +917094380183. Mira

**Chappals (Exchanged):** Last Monday, after lunch in Solar kitchen, I couldn't find my chappals. Someone took them by mistake, and left similar chappals. They are old and damaged, but so comfortable. Quechua brand. If you are responsible of this mistake, please contact Antoin 8947045029, I will be very happy to have my chappals back!

**Wallet (Lost):** Lost my black colour wallet Monday night on the way from Dinesh Restaurant to Joy Community It has all my identity cards, PAN and Aadhar. If found, please contact Hansi 8197827934, staying at Joy Guest House.

**MISSING! 3 Long Skipping Ropes:** As a part of "First Full Moon Festival" activities organized at Inuksuk site by North East Asians 3 of them, have been missing ever since! They are white cotton ropes with either red or blue stripes, and 10 meter each in length. If anyone knows its whereabouts, please let us know as we were about to use them to make a road for our concert of the closing Art Festival Back to me and my 8 year old sons.

The Pavillon de France presents

Journey in Antarctica

Some news from the poles...

Story of a 40-day stay on the white continent

Saturday 17th March 2018 at 5pm

Town Hall - Cinema Paradiso

In French only / duration 60min

Conference by Daniel Radary

Ecologist wintering on the French Dumont D’Urville base in 1995-97, then specialized on Emperor and Adélie penguins, now focused on trees and agro forestry, sometimes caught up with pleasure by his “polar” past for journeys in France. as a Naturalist Guide to Spitsbergen, Greenland, and Antarctica.

I have just returned from a short trip, 40 days in Antarctica, for “cruises-expeditions” from Patagonia, which allowed me to reconnect with the white continent where I had done research in ecology there 20 years ago. I invite you to share images and experience, and a little introduction on the current situation of the poles in relation to climate change.

Bharat Nivas

International Zone - Auroville duration 90min

“The poem is a stopping point. It stops the language on itself; it forbids his squandering in the vast commerce that is the world.

Against the obscenity of “seeing everything”, and “saying everything”, and showing everything, and all probing, and commenting everything, the poem is the guardian of the decency of saying. “ Alain Badiou

Rimbaud, Baudelaire, Satprem and Sri Aurobindo, four poets, four attempts to reach an enlightened consciousness.

“And yet it’s the hour before dawn”, the title of the show that we are creating, during this residency in Auroville, will be played this summer at the Avignon Festival, and this autumn in Paris. We will present a public rehearsal this Saturday at 8pm at Bharat Nivas.

This show tries with these texts as different as deep to take us to what we may be richer in us, our poetry

Piano Concert

with Leonardo De Donno

Wednesday 21st March 2018 at 07:30 pm

““The great world-rhythms were heart-beats of one Soul,

To feel was a flame-discovery of God,

All mind was a single harp of many strings,

All life a song of many meeting lives;

For worlds were many, but the Self was one.”

Sri Aurobindo, Savitri

AUROFILM CINEMA – VISITOR’S CENTRE – VIDEO ROOM Reminder: FRIDAY 16 MARCH, “A Cat in Paris” - Une vie de chat Dir. By Jean-Loup Felicioli & Alain Gagnol - France 2010 Friday 23 MARCH at 7.45 pm: “WAGES OF FEAR”, LE SALAIRE DE LA PEUR (original title) Directed by Henri-Georges Clouzot - France, 1953 With: Yves Montand, Charles Vanel, Peter van Eyck, Vera Clouzot Synopsis: In a remote village in South America, a few foreigners who had landed there for various reasons desperately try to find some work and move on. Ultimately there comes an offer that four men take up: to transport, at the risk of their lives, a load of nitroglycerin on five hundred kilometers of broken roads. It is the only way to leave this village of Central America in which they have failed ... The film is based on the eponymous 1950 French novel by Georges Arnaud. A moist and heavy atmosphere perfectly reconstituted, splendid photography that highlights the aggressiveness and beauty of the wild scenery and a greatly arranged suspense, it is one of the only films in the history of cinema to have won the Palme d’Or at the Cannes Film Festival and the Golden Bear at the Berlin Film Festival. In spite of the years, it remains a great moment of Cinema! French version with English Subtitles, Duration: 2h.36’ Note: Nice temporary venue at Visitors’ Center. Screen is large, we use our own projector and sound system, and the Kalabhoomi Music Studio lends us some good cushions for comfort - may not be enough in number... Welcome

MOVIE SHOW – “Auroville Conversation” Bhoomika Hall - Sri Aurobindo World Center, Bharat Nivas 24 March 2018 - 5 pm 100 Aurovilians speaking their heart out. A simple question opening a deeper depth of conversation. Find out a hundred different flavors of one Truth.
Part -1: What will you tell a Newcomer?
Part -2: What keeps you here?
Part one - 55 Minutes - Part two - 40 Minutes- Total 95 Minutes: This is part of a series on Karmayoga. We believe “Work is an integral part of our collective life which requires all of us in our capacity to participate.” What makes our dream come alive? Let us dive in and reflect. “Part -one movie “What will you tell a Newcomer” has been on as installation at Town hall for few weeks, also shown at Multimedia Center.

AT SAVITRI BHAVAN
Monday, March 19 2018 at 6:30pm. Duration: 58min.

SRI AUROBINDO and THE MOTHER : A NEW YOGA FOR EARTH AND MAN

The Divine does the yoga. All creation is an act of His yoga and evolution is His yoga. We ourselves are a product of a secret yoga upon earth.

The sadhana is done in a body here on earth. When the Divine Grace comes to us, it is for us to learn to be open. And when the Divine Grace meets with the human response then the soul within us grows. To live from within and in the inner union with the Divine, is the key.

Sri Aurobindo says in Thoughts and Glimpses “All would change if man could once consent to be spiritualized; but his nature, mental and vital and physical, is rebellious to the higher law. He loves his imperfection.”

Dr. Alok Pandey delivered this talk at a retreat in Greenville, South Carolina, USA in June 2016.

CINEMA PARADISO

  Indonesia, 2015, Dir: Aryanto Yuniawan, w/ Reza Ramadan, Keagan Kang, Alistair Hendry and others, Animation, 99mins, English w/English subtitles, Rated: G

The film recounts the adventure of Musa, a brave, thirteen-year-old shoe shiner, who makes a living under the pressure of poverty during World War II.

WOODY ALLEN FILM FESTIVAL @ Ciné-Club

Ciné-Club - Sunday 25 March, 8:00 pm:

• BLUE JASMINE
  USA, 2013, Dir. Woody Allen w/ Cate Blanchet, Alec Baldwin, and others, Drama, 138mins, English w/English subtitles, Rated: PG-13

The movie works as a rather sobering character portrait, the inside track on a woman’s life that’s uprooted from the glamour of high society and forced into a lower class of people who see her more as an object and less an expensive work of art. The film follows her crumbling relationships and struggling slogging through the world as it’s lived near the bottom, a world where money can’t solve everything, where living proves harder than simply putting it on the credit card and rubbing elbows with a who’s who of big city socialites. The film excels with its visual simplicity and character complexities. The script is smart and witty but powerfully emotional in a rather subtle.

Rating codes we often use are from Motion Picture Association of America (MPAA): G=General Audiences, PG=Parental guidance suggested, PG-13=Parents strongly cautioned, R=Restricted (equivalent to Indian rating: A. i.e. for Adults), NR=Film Not rated, Rating awaited, or Rating not available.
